Sterling Takes 'Olympics' In Pottery Festival Climax

By LUCILLE HUSTON

The Sterling China Co. reigned today as 1969 "World Pottery Olympics" champion after a runoff victory Saturday which climaxed the final day of the second annual Tri - State Pottery Festival.

The Sterling team succeeded the Homer Laughlin China Co. and Taylor, Smith & Taylor Co. who were the 1968 "world champs."

In an old - fashioned doorknob competition, introduced at the festival for the first time this year, Stan Franczek of Newell was the final winner, edging a Louisville, Ky., man.

The three-day festival drew sizeable crowds, and was termed a success by visitors and participants.

—:—

THE STERLING China team and the T. S. & T. No. 2 team were tied after seven games of competition with scores of 25, and a re-run of the plate toss was ordered to determine the final winner.

The Sterling squad won the event, and was presented the championship trophy by Miss Nancy Doland. Pottery Festival Queen.

Members of the winning team were William Deeley, William Valetic, William Burgess and Gerald Williams.

Ray Talbott, John Ammon, Bill Burnside and Fred Fisher were members of the Taylor, Smith and Taylor No. 2 team.

About 400 spectators lined up around the First National Bank parking lot where the competition was held. Although 18 teams were registered, nine competed, John Parsons, chairman of the event, said.

—:—

MISS MARYLEE Strub, a member of the Hall China No. 2 team, was injured during the plate jump competition and was treated at City Hospital for a laceration of the right index finger.

Homer Laughlin No. 2 team finished in third place. Members of the team were Peter Horoszko, Burt Hammond, Don Quimby and Rick Ford.

Other teams competing and members of the teams were:

Homer Laughlin No. 1 — James Carper, Evert Stoddard, Jim Bess and Eugene Greathouse.

Taylor, Smith and Taylor No. 1 — Dick Clark, Don Geon, Jerry McCune and Dave Moore.

Taylor Smith and Taylor No. 3 — Fred Mader, Les Crosier, Clyde Fisher and Mike Clutter.

Harker China — John Bond, Stan Hargreaves, Ike Pethtel and Phil Carey.

Hall China No. 1 — Stewart Neal, Tom Vaughn, Jim Powell, and Bob Moore.

Hall China No. 2 — Bill Blankenship, Susan Nusser, Rick Steffen and Marylee Strub.

—:—

THE DOORKNOB event attracted 22 competitors.

A "grudge game" at 11 a.m. Saturday between Dr. Roland Stover and Judge Louis Tobin lasted a half-hour, with Dr. Stover winning 21-18.

Franczek of Newell beat Jimmy Cowherd of Louisville, Ky. in a play-off game with a "knob in a hole" and another one in close.

About 30 watched the game between Dr. Stover and Judge Tobin, and a large crowd was on hand during the afternoon competition. Others competing were Cecil Allison, Henry Cain, Dave Roberts, Gary Ward, Ross Manning, Paul Zehnder.

Brief Ceremonies Mark Retirement For Warren

WASHINGTON (AP) — The Supreme Court's schedule called for business as usual today, except for a brief ceremony marking the end of a judicial era — the retirement of Earl Warren as chief justice.

With the court's current term over, Warren ends a half-century of public life as well as 16 years as one of the most controversial jurists in the nation's history by giving up his post to Warren E. Burger.

The simple, sedate ceremony, with President Nixon a unique participant, called for the white-haired, distinguished-looking Burger to step forward and take an oath of about 100 words to defend the Constitution and to administer justice faithfully and impartially.

Nixon's role in the transition ceremony, a brief speech, helps underline the contrast between the old and new chief justices.

Warren, an old political enemy of Nixon's, spent his 16 years as chief justice leading the court through its most activist and liberal periods. The 61-year-old Burger, on the other hand, spent the last 13 years as a little-known federal appeals

Seminole Indians Ready To Begin Last Big Fight

WASHINGTON (AP) — The final battle in what is the longest and often bitterest Indian dispute in the nation's history is being fought in an obscure government agency with nearly $35 million a stake.

Seminole Indians have asked the Indian Claims Commission, which opens hearings today, to approve a $40 million claim for 32 million acres of Florida the tribe owned in the 18th and early 19th centuries.

The government has offered the Indians $5.8 million.

The Seminoles owned most of Florida when Spain gave up the territory to the United States in 1819. They claim the American white man robbed the tribe of the land at arms point and through false treaties, a point not contested by the government.

Attorneys for the Seminoles figure the land was worth an average of at least $1.25 an acre when the government took it in the 1820s. Government lawyers estimate its value at about 18 cents per acre.

Some of the Florida land was quite valuable—containing forests of live oak trees in demand then by shipbuilders and particularly for naval vessels. Much of the land was the indians' hunting grounds. Crops were raised on portions of the land.

The long Seminole dispute started in 1816 when Gen. Andrew Jackson invaded Florida to punish the tribe for hiding fugitive American slaves and didn't end officially until a peace treaty was signed in 1934. The first Seminole war, waged by Jackson, ended in 1818, a year before the United States had legal rights in the territory.

Through armed force and a series of forcibly imposed treaties the Seminoles gradually lost their Florida land until 1832

Bare Bottom Burglar

CHICAGO AP — Police said they captured a burglary suspect red-handed-and bare-bottomed-outside a liquor store Sunday.

An 18-year-old was charged with burglary after police watched him slide down an ice chute in front of the store completely naked.

Authorities said the youngster told police he climb through the ice chute into the liquor store on the Southwest Side to get ice for a picnic.

Laird, Helms Will Give Reports On Russian Strength

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird and CIA Director Richard Helms were called to testify today before a closed session of the Senate Foreign Relations Committee on the Soviet offensive missile capability.

Laird in the past has contended the Russians are aiming at a nuclear first strike capability, a position some Democratic senators are skeptical about.

"We've heard so many things around here that weren't so, that I think the attitude of a lot of us is that 'it ain't necessarily so'," committee chairman Sen. J. W. Fulbright said.

Fulbright, D-Ark., had said earlier he didn't think intelligence findings supported Laird's contentions about Moscow's missile program.

It was a similar challenge which caused Laird to demand that Helms be called to sit beside him to substantiate his position that there are no administration differences over intelligence evaluations.

Fulbright said he favored separate appearances. He praised Helms, saying he has a feeling that the latter "is a professional and he has been straightforward."

Sen. Karl E. Mundt, R-S.D., a comittee member and a supporter of the administration's missile defense system, said he interprets the intelligence controversy and recent efforts to halt development of a multiple-target missile as desperation tactics by ABM critics.

"The strength of ABM support is growing," Mundt said. "Now its foes are abandoning hope of stopping it and are changing their target.

"They want to stop our testing of a multiple-target (MIRV) missile while the Russians are going right ahead with their tests."

Sen. Clifford P. Case, R-N.J., a committee member opposing ABM, said a proposal he sponsors would call for a moratorium on MIRV tests only so long as the Russians refrain from testing.

He told an Atlantic City audience Sunday night the United States is ahead in this field and no one could maintain that a moratorium would put the Soviets ahead.

He said if the MIRV becomes operational, it will wipe out all chance of getting any nuclear arms limitation because neither side can gauge the other's strength without on-site inspections to which neither would agree.

CONFESSION REFUTED. Ernest Paul Sims, who confessed early Sunday to Nashville, Tenn., police the murder of two Michigan girls and an Oklahoma cab driver, signed a statement later saying his confession was false. (UPI Telephoto)

Pompidou Names Foreign Minister

PARIS (AP) — Maurice Schumann, an advocate of political integration in Europe for more than 20 years, has replaced a hardline Gaullist as French Foreign minister in President Georges Pompidou's new Cabinet.

Observers saw Schumann's appointment, and that of Finance Minister Giscard d'Estaing—also regarded as a "Europeanist"—as the beginning of a new liberal era in French foreign policy.

Pompidou announced the cabinet Sunday after Premier Jacques Chaban-Delmas presented him the list. The group holds its first formal meeting today.

Pompidou and Chaban-Delmas were under intense pressure from Gaullists and Centrists for representation. While the cabinet retains a Gaullist coloring there are Centrists in three important ministries

Schumann replaces Michel Debre, whom Gaullists had wanted kept on as foreign minister to reflect continuity in policy. Instead, Debre was named defense minister.

One of the cofounders of the now-defunct Popular Republican movement, a Roman Catholic party that sought European unity after World War II, Schumann strongly disapproved of Gen. Charles de Gaulle's decision to keep Britain out of the Common Market. But he never broke with the general over it.

Youth's Trial Postponed In Burning Case

Dennis Baker, 15, son of Mr. and Mrs. John Baker of Route 39 just east of Highlandtown, is in "critical" condition at City Hospital with burns received Friday afternoon at the hands of his brother, John Jr., 17.

The father was at the Courthouse at 8 this morning and told Juvenile Court personnel he would arrange $2,500 bond for John Jr., who has been in detention since about midnight Friday.

Arraignment of John Jr., charged with being a delinquent child, is scheduled for next Monday in Juvenile Court because Judge Louis Tobin is away this week hearing Juvenile Court cases in Cuyahoga County.

Authorities said John and Dennis quarrelled while playing chess and John threw gasoline on the younger boy, then threw a lighted match at him when he tried to escape.

The parents were away but

Authorities Set Autopsy In Death Of Judy Garland

LONDON (AP) — An autopsy was scheduled today in the death of Judy Garland, 47-year-old star of stage and screen, who died Sunday.

Miss Garland, who made more than 35 films but was best known for her role as a little girl named Dorothy in "The Wizard of Oz," was found dead by her fifth husband, Mickey Deans, in the bathroom of her London home.

British newspapers labeled the death "sudden and mysterious" but Scotland Yard ruled out suicide and police said there was no suspicion of foul play.

Dr. Phillip Lebon, a prominent London surgeon who had treated Miss Garland for several years, said she had cirrhosis of the liver and that death could have come any time. "How she

Americans Cut Off By 2,000 Reds

Besieged Soldiers Pounded Daily By Enemy's Artillery

SAIGON (AP) — North Vietnamese forces attacked a besieged American Special Forces camp and two of its outposts in the central highlands today. Spokesmen said the camp was surrounded and cut off by an estimted 2,000 enemy and under daily bombardment by heavy artillery.

About 30 mortar and recoilless rifle sounds slammed into the Ben Het Special Forces camp 280 miles northeast of Saigon, spokesmtn said, killing one American and wounding five members of a U.S. artillery position there.

North Vietnamese troops also attacked two government outposts near Ben Het before dawn —only hours after U.S. B52 bombers dropped 360 tons of explosives on the enemy formations massed around the camp. South Vietnamese headquarters said 34 North Vietnamese soldiers were killed while government casualties were one civilian irregular killed and 11 wounded.

Earlier Sunday night, Ben Het came under a 70-round artillery barrage that caused light casualties among South Vietnamese civilian irregulars and wounded seven of their dependents.

Military spokesmen said the camp has been under siege for two months, and U.S. air and artillery strikes and ground probes have failed to break it. Ben Het is manned by the American artillery battery, a small team of Green Beret advisers and South Vietnamese units.

U.S. headquarters said the North Vietnamese 28th Regiment has deployed up to 2,000 troops around Ben Het in deeply dug fortifications, difficult to knock out with air strikes and artillery.

The North Vietnamese 40th Artillery Regiment also is reported to have moved into the area with big guns zeroed in on the camp from Laos, Cambodia, and the intervening six-mile stretch from Ben Het to the border.

Because of the fierce artillery bombardment—100 rounds hit the camp Saturday — supplies are dropped in by Air Force cargo planes and helicopters fly in only to lift out the wounded, headquarters said.

Attempts to push an armored column through route 579 from Dak To to open a land route to the beleaguered camp have failed, according to military spokesmen. South Vietnamese patrols venturing beyond two

Rockefeller Pleased By 3rd Mission

NEW YORK (AP) — Gov. Nelson A. Rockefeller says he is pleased with the results of his third fact-finding mission to Latin America and is eager to begin his fourth.

The New York governor landed Sunday night at Kennedy airport and boarded a helicopter for his North Tarrytown estate. He had visited Brazil, Paraguay and Uruguay as President Nixon's special envoy.

Rockefeller will conclude his mission next week with visits to Argentina, Haiti, the Dominican Republic, Jamaica, Barbados and Guyana.

He had been scheduled to vist all Caribbean and South American nations except Cuba, but has indefinitely postponed trips to Venezuela, Peru and Chile at the request of their governments.

Rockefeller termed the latest leg of his mission "the turning point" in his tour. "We're over the hump," he said. "People are beginning to realize the real potential of this mission."

Radicals Gain Strength In SDS Control

CHICAGO (AP) — Students for a Democratic Society, the radical group prominent in recent campus uprisings, ended its national convention today sharply split, with its so-called regular faction electing Mark Rudd, leader of 1968 Columbia University disorders, national secretary.

The other faction of SDS, headed by the Progressive Labor party, elected an entirely different slate of officers.

Both groups ended their conventions at different locations, both called separate news conferences for today to announce names of officers, and both claimed to be "the real SDS."

The PL faction ended its meeting in the Coliseum convention hall on the South Side, where SDS started its convention as a single group Wednesday.

Elected officers by the PL were John Pennington, national secretary; Alan Spector, educational secretary, and Mrs. Pat Forman, interorganizational secretary.

Fred Gordon, educational secretary for the last year, gaveled the PL faction's convention to a close in the Coliseum.

Besides Rudd, the SDS regulars elected as officers Jeffrey Jones of San Francisco, interorganizational secretary and William Ayres of the University of Michigan, educational secretary.

The "regulars" ended their meeting in a church on the West Side.

The PLs called a news conference for the University of Illinois, Chicago, to introduce their slate. The regulars called a conference in the organization's regional headquarters.

Outgoing officers, besides Gordon, are Michael Klonsky, national secretary, and Miss Bernardine Dorhn, interorganization secretary.

Early Sunday, the PLs had been expelled from SDS by the regulars, backed by their allies, the Black Panther party.

Fist-clenching Panthers had warned that SDS would be judged by action it took against PL. Delegates from PL, strongest at Harvard and the University of California, responded with hisses and catcalls.

"You had best not forget you're in Chicago, PL," one Panther shouted. "Any more of that and we'll take care of you."

At that point some 500 SDS members began the caucus that ended in the PL expulsion.

PL spokesmen said they advocate world revolution by all workers rather than movements such as the Panther party, which they attacked as "black nationalist."

Trial Postponed For District Man

LISBON — Judge Raymond S Buzzard of Common Pleas Court this morning granted a postponement of the trial of Gary L. Lee, 24, of Shadyside, East Liverpool RD 1, charged with a burglary in June 1967 at the Wilbur Hays Service Station on Route 39 near Highlandtown.

Defense counsel William Bush of Wellsville asked for the continuance because Lee's wife who will testify on his behalf is to enter a Marietta hospital Wednesday morning for a caesarean operation. Bush read into the record a letter from Mrs. Lee's doctor.

Judge Buzzard sent the prospective jurors home and said the case will be set for trial at the earliest possible date.

The trial was delayed for over a year because one of the state's witnesses was in prison in Texas. Lee pleaded not guilty Feb. 5, 1968.

lived this long I don't know," he said.

A Scotland Yard spokesman commented: "It was a simple, plain case of sudden death."

Miss Garland had been married to Deans, a 35-year-old former New York discotheque manager, for 100 days. A friend, singer Gina Dangerfields, said: "Judy was feeling on top of the world. They were very much in love and it seemed that she had found happiness at last."

The Judy Garland story was one of pills, divorces, on-stage collapses, illnesses, audiences that booed her and finished by yelling: "We love you Judy!" She reportedly attempted suicide several times. In the most publicized attempt, she slashed her throat at the age of 28.

But just when Miss Garland appeared washed up, she bounced back again. After she married Deans March 15, she told newsmen: "Finally, finally I am loved."

Born Frances Gumm on June 10, 1922, in Grand Rapids, Minn., she was the youngest of three daughters in a vaudeville team. It is said she made her first stage appearance in a Grand Rapids theater at the age of 30 months, singing "Jingle Bells," and that she was so thrilled by performing that her father had to pull her off the stage after she'd sung the number seven times.

A widely travelled child star from the age of 3, Miss Garland changed her name at the suggestion of George Jessel. Her first film in 1935 was a two-reel short called "Every Sunday Afternoon," but her first well-known movie was "Pigskin Parade." Her 1939 role in the "Wizard of Oz" catapulted her into the hearts of millions.

In 1940, 1941 and 1945 she was named one of the 10 highest-paid stars in Hollywood, earning $150,000 a film. Her series with Mickey Rooney in the Andy Hardy stories was a national hit, still revived occasionally on the late-late show.

Her movies are estimated to have earned $100 million, but tragedy dogged her. At 18 she was under psychiatric care and consuming many kinds of pills.

She was divorced four times —in 1944 after a three-year marriage to composer David Rose; in 1951, after a six-year marriage to director Vincent Minelli; in 1965, after a 13-year marriage to Sid Luft, her manager; and finally from actor Mark Herron, after a marriage of 19 months.

She has three children: Liza Minelli, an entertainer, and Lorna and Joey Luft. All three were in the United States when they learned of their mother's death.

Dancer Fred Astaire said: "She was unlimited in her talents and learned everything very quickly. . .one of the most talented women who ever lived."

"She was — I'm sure — at peace, and has found that rainbow. At least I hope she has," said Mickey Rooney.

VFW At Chester Receives Honors

Trustees Given Report On Roads

SUMMITVILLE — Road project reports were heard when Franklin Township trustees met Saturday afternoon at the hall in Summitville.

Paul Dowdell, president, reported that the county road crew has surface-filled six miles of blacktop road and blade-mixed one mile of the Bethesda Church road, from State Route 644 to the Hanover Township line. He also reported that dirt roads in front of homes have been oiled by the Snyder Construction Co. of Hanoverton.

Bills paid amounted to $3,437. The next meeting will be July 5.

Q.—What is an easy and effective way of dealing with squeaky floors?

A. — After locating the noisy areas, work a bit of slightly softened soap into the cracks . . . usually muffles the squeaks.

Q. — How can I turn out better - looking French toast, that is, insure its being a nice brown?

A. — By beating ¼-teaspoon of sugar with each egg into which your bread slices are dipped for frying. Add a little milk also to the dipping solution.

Q. — How can I deal with my floors?

A. — By wiping with kerosene, turpentine, mineral spirits, or floor oil. Many other such easy-to-do hints are included in my household manual.

Q. — How can I treat grease stains on fiberglass curtains?

A. — Place a blotter or absorbent rag under the stain and drip some carbon tetrachloride on the stain. Don't rub. This method works pretty well on solid -- colored fabrics, but will probably fade prints. . .and unfortunately there is no other way to clean the latter. Please use caution when handling carbon tetrachloride. . .use in a well ventilated spot!

Aches And Pains

Your hand touches fire! It instinctively withdraws . . . The agony of a sprained ankle compels you to use the other foot . . .

Pain acts as a danger signal — It inhibits actions, which would otherwise further an injury.

The Medical acceptance of Pain as a necessary symptom, is difficult to accept . . . But pain may help your doctor draw conclusions as to its origin — its cause.

Indiscriminate use of pain-relieving drugs is not always wise. Even the mild Aspirin-type (Analgesics), while safe enough to take without prescriptions, may well mask the symptom of disease.

So for recurring aches and pains, don't continue to dose yourself. Go see the doctor -- find out what's wrong.

Radicals Gain Strength In SDS Control

CHICAGO (AP) — Students for a Democratic Society, the radical group prominent in recent campus uprisings, ended its national convention today sharply split, with its so-called regular faction electing Mark Rudd, leader of 1968 Columbia University disorders, national secretary.

The other faction of SDS, headed by the Progressive Labor party, elected an entirely different slate of officers.

Both groups ended their conventions at different locations, both called separate news conferences for today to announce names of officers, and both claimed to be "the real SDS."

The PL faction ended its meeting in the Coliseum convention hall on the South Side, where SDS started its convention as a single group Wednesday.

Elected officers by the PL were John Pennington, national secretary; Alan Spector, educational secretary, and Mrs. Pat Forman, interorganizational secretary.

Fred Gordon, educational secretary for the last year, gaveled the PL faction's convention to a close in the Coliseum.

Besides Rudd, the SDS regulars elected as officers Jeffrey Jones of San Francisco, interorganizational secretary and William Ayres of the University of Michigan, educational secretary.

The "regulars" ended their meeting in a church on the West Side.

The PLs called a news conference for the University of Illinois, Chicago, to introduce their slate. The regulars called a conference in the organization's regional headquarters.

Outgoing officers, besides Gordon, are Michael Klonsky, national secretary, and Miss Bernardine Dorhn, interorganization secretary.

Early Sunday, the PLs had been expelled from SDS by the regulars, backed by their allies, the Black Panther party.

Fist-clenching Panthers had warned that SDS would be judged by action it took against PL. Delegates from PL, strongest at Harvard and the University of California, responded with hisses and catcalls.

"You had best not forget you're in Chicago, PL," one Panther shouted. "Any more of that and we'll take care of you."

At that point some 500 SDS members began the caucus that ended in the PL expulsion.

PL spokesmen said they advocate world revolution by all workers rather than movements such as the Panther party, which they attacked as "black nationalist."

Trial Postponed For District Man

LISBON — Judge Raymond S Buzzard of Common Pleas Court this morning granted a postponement of the trial of Gary L. Lee, 24, of Shadyside, East Liverpool RD 1, charged with a burglary in June 1967 at the Wilbur Hays Service Station on Route 39 near Highlandtown.

Defense counsel William Bush of Wellsville asked for the continuance because Lee's wife who will testify on his behalf is to enter a Marietta hospital Wednesday morning for a caesarean operation. Bush read into the record a letter from Mrs. Lee's doctor.

Judge Buzzard sent the prospective jurors home and said the case will be set for trial at the earliest possible date.

The trial was delayed for over a year because one of the state's witnesses was in prison in Texas. Lee pleaded not guilty Feb. 5, 1968.

MOTORLESS MOTORBIKE didn't stop this resourceful 13-year-old. The St. Petersburg, Fla., youth hoisted a sail and got in some fairly smooth sailing or cycling.

How Can I?

By ANNE ASHLEY

Q.—Is there a way in which I can quickly improvise a good whipped cream when I don't have the usual ingredients at hand?

A.—Try grating an apple, adding two or three tablespoons of sugar and one egg white, then beating this until light. Usually works fine!

Q.—How can I deal with scratches on light-colored furniture?

A.—If the scratches are not too deeply embedded, they can sometimes be obliterated by rubbing the meat of a walnut or pecan back and forth over them until the nut crumbles and fills the indentations. Then put a coat of wax or polish over the area at once to keep the nut meat in place.

Q.—How can I clean pearls?

A.—One usually effective method is by rubbing with olive oil on a flannel or chamois. Not too much oil or too much pressure with your rubbing!

Q.—How can I remedy some cracks in wooden salad or chopping bowls?

A.—These can usually be very nicely sealed if, after cleaning and drying them thoroughly, you pour some clear, fresh shellac into the cracks.

Israelis Hit Into Jordan Second Time

By The Associated Press

Israeli commandos attacked artillery positions in Jordan Sunday night in their second raid in Arab territory in two days.

The Israeli army said the artillery at Addesiyeh, three miles south of the Sea of Galilee, had been shelling Israeli settlements.

On Saturday night Israeli commandos hit an Egyptian naval radar station on the Gulf of Suez. The army said the attack was made because Egypt had consistently violated the 1967 cease-fire.

Meanwhile, Egypt claimed its commando forces slipped across the Suez Canal twice to ambush Israeli patrols and inflicted heavy casualties.

The Israelis' Sunday raid in Jordan came after warplanes made three attacks in the same area.

It was one of the few commando attacks directed at a regular Jordanian army unit. Most other attacks have been aimed at Arab guerrilla bases.

The Israeli army said the area was used as a sabotage base as well as an artillery emplacement. It accused the Arab inhabitants and the army of cooperating with the saboteurs.

All the Israeli commandos returned safely to base, the army said.

Jordanian authorities said one person was killed and five persons wounded in the air attacks. There was no report on casualties in the commando attack.

The new fighting came as Cairo newspapers said high-level officials from Egypt, Jordan, Syria and Lebanon were holding meetings on "important developments expected in the near future."

The Israelis claimed they killed 15 Egyptians when they crossed Saturday night from the occupied Sinai desert to hit the radar station at Ras Abadieyh. An army spokesman said the station was destroyed and three buildings were blown up. He said the Israelis suffered two wounded and described Egyptian resistance as "not very strong."

Before the use of water meters slaughter houses in New York and St. Louis were charged on the basis of five cents for each bullock slaughtered. Most other cities charged flat monthly rates ranging from $5.00 to $10.00, according to Rockwell Manufacturing Company.

2 Girls Return From Meeting

Pamela Kay Hillyard of 510A Campground Rd. and Sarah Louise McCutcheon of 1210 Parkview Dr., Wellsville, have returned home after attending Buckeye Girls State in Columbus sponsored by the Ohio American Legion Auxilaries.

The project was designed "to introduce and educate citizen of tomorrow in our form of democracy."

Miss Hillyard was appointed state administrator of the Bureau of Employment Compensation, belonging to the Nationalist party, and Miss McCutcheon was appointed to the office of city engineer, also with the Nationalist party.

Miss Hillyard was sponsored by the Auxiliary of American Legion Post 374 and Miss McCutcheon by the Auxiliary of Post 70, Wellsville.

Add Powerglide, power disc brakes and whitewalls to this Chevelle.

Subtract $69.00 from last year's price.

You've heard that general rule. To get more you pay more.

Let's break it.

Take this '69 Malibu Sport Coupe. With head restraints. Add Powerglide automatic transmission, power disc brakes and whitewall tires. (Wheel covers, too, which haven't changed in price.) Then total. When you compare it with last year's Malibu, equipped the same way, it's priced $69.00* less.

The reason? We've made head restraints standard. And, while the whitewalls went up slightly, we've cut the price on Powerglide and our advanced-design power disc brakes, substantially. Altogether, it's more Chevelle for less money. Nice.

So's this. A standard 200-hp V8 engine. Astro Ventilation and full door-glass styling. A new anti-theft locking device on the steering column helps keep your car yours. A computer-selected suspension gives you a ride so smooth it leaves bumps where they belong. On the road. And it's all on Chevelle. Priced $69.00 less.

You see. You don't have to pay more to get more. And your Chevrolet dealer's proving it right now.

Putting you first, keeps us first.

*Based on manufacturer's suggested retail prices, including federal excise tax and suggested dealer new car preparation charge.

How Can I?

By ANNE ASHLEY

Q.—Is there a way in which I can quickly improvise a good whipped cream when I don't have the usual ingredients at hand?

A.—Try grating an apple, adding two or three tablespoons of sugar and one egg white, then beating this until light. Usually works fine!

Q.—How can I deal with scratches on light-colored furniture?

A.—If the scratches are not too deeply embedded, they can sometimes be obliterated by rubbing the meat of a walnut or pecan back and forth over them until the nut crumbles and fills the indentations. Then put a coat of wax or polish over the area at once to keep the nut meat in place.

Q.—How can I clean pearls?

A.—One usually effective method is by rubbing with olive oil on a flannel or chamois. Not too much oil or too much pressure with your rubbing!

Q.—How can I remedy some cracks in wooden salad or chopping bowls?

A.—These can usually be very nicely sealed if, after cleaning and drying them thoroughly, you pour some clear, fresh shellac into the cracks.

Israelis Hit Into Jordan Second Time

By The Associated Press

Israeli commandos attacked artillery positions in Jordan Sunday night in their second raid in Arab territory in two days.

The Israeli army said the artillery at Addesiyeh, three miles south of the Sea of Galilee, had been shelling Israeli settlements.

On Saturday night Israeli commandos hit an Egyptian naval radar station on the Gulf of Suez. The army said the attack was made because Egypt had consistently violated the 1967 cease-fire.

Meanwhile, Egypt claimed its commando forces slipped across the Suez Canal twice to ambush Israeli patrols and inflicted heavy casualties.

The Israelis' Sunday raid in Jordan came after warplanes made three attacks in the same area.

It was one of the few commando attacks directed at a regular Jordanian army unit. Most other attacks have been aimed at Arab guerrilla bases.

The Israeli army said the area was used as a sabotage base as well as an artillery emplacement. It accused the Arab inhabitants and the army of cooperating with the saboteurs.

All the Israeli commandos returned safely to base, the army said.

Jordanian authorities said one person was killed and five persons wounded in the air attacks. There was no report on casualties in the commando attack.

The new fighting came as Cairo newspapers said high-level officials from Egypt, Jordan, Syria and Lebanon were holding meetings on "important developments expected in the near future."

The Israelis claimed they killed 15 Egyptians when they crossed Saturday night from the occupied Sinai desert to hit the radar station at Ras Abadieyh. An army spokesman said the station was destroyed and three buildings were blown up. He said the Israelis suffered two wounded and described Egyptian resistance as "not very strong."

Before the use of water meters slaughter houses in New York and St. Louis were charged on the basis of five cents for each bullock slaughtered. Most other cities charged flat monthly rates ranging from $5.00 to $10.00, according to Rockwell Manufacturing Company.

2 Girls Return From Meeting

Pamela Kay Hillyard of 510A Campground Rd. and Sarah Louise McCutcheon of 1210 Parkview Dr., Wellsville, have returned home after attending Buckeye Girls State in Columbus sponsored by the Ohio American Legion Auxilaries.

The project was designed "to introduce and educate citizen of tomorrow in our form of democracy."

Miss Hillyard was appointed state administrator of the Bureau of Employment Compensation, belonging to the Nationalist party, and Miss McCutcheon was appointed to the office of city engineer, also with the Nationalist party.

Miss Hillyard was sponsored by the Auxiliary of American Legion Post 374 and Miss McCutcheon by the Auxiliary of Post 70, Wellsville.

Add Powerglide, power disc brakes and whitewalls to this Chevelle.

Subtract $69.00 from last year's price.

You've heard that general rule. To get more you pay more.

Let's break it.

Take this '69 Malibu Sport Coupe. With head restraints. Add Powerglide automatic transmission, power disc brakes and whitewall tires. (Wheel covers, too, which haven't changed in price.) Then total. When you compare it with last year's Malibu, equipped the same way, it's priced $69.00* less.

The reason? We've made head restraints standard. And, while the whitewalls went up slightly, we've cut the price on Powerglide and our advanced-design power disc brakes, substantially. Altogether, it's more Chevelle for less money. Nice.

So's this. A standard 200-hp V8 engine. Astro Ventilation and full door-glass styling. A new anti-theft locking device on the steering column helps keep your car yours. A computer-selected suspension gives you a ride so smooth it leaves bumps where they belong. On the road. And it's all on Chevelle. Priced $69.00 less.

You see. You don't have to pay more to get more. And your Chevrolet dealer's proving it right now.

Putting you first, keeps us first.

Gone, But Not Forgotten

The second annual Tri-State Pottery Festival has passed into history after what rightfully can be termed a successful three-day stand.

The past and the present joined hands to provide an enjoyable interlude from the usual routine.

Things, in general, went smoothly and in an entertaining manner. Those who worked so diligently behind the scenes did their jobs well.

Next year's festival should be even better on the basis of the lessons learned this year.

There was some criticism and there were some suggestions, to be sure, but all were made in a constructive manner.

Two of the more constructive we pass along for the consideration of next year's producers of the festival.

1.—The exhibits and demonstrations at headquarters on E. 5th St. drew favorable comment, but the crowded conditions and the inability to properly view the displays proved the one complaint.

2.—The carnival atmosphere on the "Mall" was deplored by some as cheapening the festivities. One suggestion that shouldn't be bypassed without serious thought was that the various rides be replaced by outside exhibits.

This certainly would help take some of the strain off festival headquarters by expanding the viewing area.

East Liverpool enjoyed playing host to the second annual festival. We hope we enhanced our image as a friendly neighbor to those who dropped in for the activities. We're looking forward to a similar role next year.

A Regrettable Episode

The ranting of the suspended Harvard University student who, as a representative of the Students for a Democratic Society, was permitted to harangue the 15,000 persons in attendance at the university's commencement exercises might well be equated with the ravings of a maniac.

They made as much sense.

IN DESCRIBING the exercises as "obscene" and "an atrocity," and attacking Harvard and those who run it as enemies of the poor, the young man was so ridiculous, so illogical and so unreasonable that he was hooted and booed by the students themselves.

There are those who say it was alright to permit the suspended student to share the platform at the formal exercises for otherwise he might have been made a martyr and he might have caused the disruption of the ceremonies.

We do not see it that way.

The student was suspended from the university and thus had no real right to participate in the ceremonies. The university officials knew well why he had been suspended and there could have been little doubt in their minds as to what he would say.

It hardly could be contended that the speech was necessary to unmask the SDS. In our well-informed society, it is doubtful if there was anyone in tha audience who hadn't heard of the SDS and its aims and purposes.

THE EPISODE SEEMS to us to be just another case of appeasement in the academic world — uncalled-for, unnecessary and out of place.

We tend to believe that the incident left a bad taste in the mouths of most of those who came to see scholastic achievement recognized and academic excellence honored at one of our oldest and most distinguished institutions of higher learning.

What Of U.S. Aid?

By Bruce Biossat

Though here and there some successes are reported, "black capitalism" is having its troubles.

Some black leaders and other supporters of the idea are laying it on the Nixon administration for too sluggish a response to the calls for capital assistance in ghetto areas.

Almost no rebuilding has occurred in city sectors ravaged by the riots of April, 1968. Inquiry discloses that where federal, state and local agencies are involved, they are too often in totally stalemated conflict. They cannot agree, and nothing is done.

The problems are deep-seated. Some stem from the fact that certain large federal programs designed to be helpful to the poor have destructive side effects. Others result from hobbling misconceptions many northern city political and business leaders have about blacks.

BLACK CAPITALISM is not, of course, a new thing. For decades, Atlanta has had a fairly well-developed black business establishment with banks, insurance firms, a major newspaper and many commercial outlets. Black retail stores and service enterprises flourish in many cities.

But federal programs frequently wipe out some of these endeavors even as they move in to "help the poor."

Author Jane Jacobs, specialist on the life of cities, notes that in the 1950s more than 1,300 commercial enterprises (most owned by Puerto Ricans) and upwards of 500 noncommercial establishments were wiped out in New York's East Harlem through the construction of $300 million worth of public housing.

For the 200,000 people living in that district, the economic problems today are worse than before the heavy outlay was made.

Urban renewal, conceived from the noblest of purposes, is another federal villain. Question neighborhood leaders in city after city and you find it hard to decide who hates renewal programs most — the blacks whose homes and businesses are displaced or the whites who fear the consequent scattering of blacks to other sectors.

Highways are a special case. Their backers make no pretense that they help the poor. That they do damage to the struggling enterprises of the poor when routed through their areas is clear.

In one instance in New York City, it was estimated that a two-mile stretch of highway would wipe out or dislocate 800 businesses that employed 10,000 people.

But this is just part of the story. Many northern leaders like to explain away economic stagnation in the ghetto by blaming the South for inadequately educating and training the millions of blacks who have migrated north.

Yet Miss Jacobs, in her new book, "The Economy of Cities," suggests that northerners have fastened on ghetto residents another grave deficiency—a shortage of development capital.

Surfing With Nixon

By Art Buchwald

WASHINGTON — President Nixon received a surfboard from his daughters for Father's Day. It was reported in the newspapers that the gift was a complete surprise to the President and that he still was not sure what he would do with it.

Art Buchwald

White House sources said that President Nixon had no intention of surfing at this time but they did not rule out the chance that he might use the surfboard at a future time.

One White House spokesman said, "When it comes to surfing, the President wants to keep all his options open. As a first step, President Nixon has appointed a committee of distinguished citizens to report to him on the advisability of using the surf board and what costs would be involved."

HERB KLEIN, President Nixon's communications chief, when asked where the President would stand on the surfboard, said, "Probably in the middle — neither to the left nor to the right."

Someone pointed out the surfboard could get the President in deep water with the country. Klein denied this: "Contrary to certain newspaper columnists, the President will not go against the tide. He also has no intention of speaking too early."

Reporters asked Klein if it were true the President might appoint Otto Otepka, the former State Department official, to the Surf Board. Klein angrily denied it and said Otepka was nominated to the Subversive Activities Control Board. He also denied a reporter's charge that the Subversive Activities Control Board has as much work to do as a Surf Board.

Congress was split on the gift. Democratic opponents of the President's antiballistic missile system said, "The President's been over his head since he's been in the White House. I don't imagine a surfboard would make any difference."

BUT REPUBLICAN LEADERS said they were pleased with the President's stand and they expected him to ride out the criticism.

Vice President Spiro Agnew was surprised to hear that President Nixon had a surfboard. When told that the President might have him try out the board first, the vice president said, "He told me when I took this job I'd either sink or swim but I didn't know the test would come this early."

Before using the surfboard, Washington sources hinted that President Nixon would go on television and explain to the American people why he had decided on surfing. He would make it perfectly clear that as president of the United States the decision to use or not use the surfboard was his alone.

He would give 20 reasons why he shouldn't use the surfboard and 20 reasons why he should use it. He would then say that he had weighed the risks and had come to a decision that to surf would be dangerous but not to surf would be worse.

When the gift was announced in the newspapers, an Antisurfers Committee was formed by Arthur Schlesinger, John Kenneth Galbraith and Richard Goodwin to protest the administration's surfing policies.

BACKED BY SCIENTISTS at MIT, Stanford and Harvard, the Antisurfers Committee took out full-page advertisements in leading newspapers stating that the President's Surf board would not work.

The administration immediately produced its own scientific experts who said that the President's surfing not only was feasible but that it was absolutely necessary for the security of the country.

In the meantime, the White House press secretary, Ron Ziegler, announced the President was leaving for Key West next weekend with Bebe Rebozo to find the "perfect wave."

Replacements On The Way

VICTOR RIESEL

Mafia Probe Is Hindered

WASHINGTON — It s a sadistic reflection on an honest trade to refer to that Mafioso, Simone "Princeton Sam" DeCavalcante as "Sam the Plumber." This nom de guerre insinuates that he has an occasion given an honest day's work for a full day's muscling.

Victor Riesel

And few who have known Simone Rizzo DeCavalcante can truthfully testify to such dedication by the manicured thug who was so little known to the public until sucked from his quiet suburgan life in New Jersey into the national limelight by the Justice Dept.'s publicizing of 2,000 pages of FBI electronic eavesdropping.

What is disturbing here in the East is that Princeton Sam's instant notoriety should appear to startle so many public figures, so many candidates for governor, so many Congressmen, so many prosecutors.

Fact is that many of us in the anti-Mafia group have known of Mr. DeCavalcante. He has been politically influential for years. He once told one of the New York-New Jersey Waterfront Commission directors, who then was running for office, that he (Princeton Sam) would break the candidate as he had "broken others" if he did not cooperate. Well, the honest candidate did not cooperate. And he lost.

"DON" DeCAVALCANTE has mingled with the highest — though the highest well knew who he was, what he did and his sledgehammer subtleties. As recently as Feb. 2—four months before U.S. Attorney David Satz set off a time bomb by putting the FBI transcripts into the Newark (N.J.) Federal Court House records — the almost brand new Pennsylvania Crime Commission had something quite definite to say about "Princeton Sam." The Commission identified DeCavalcante of Trenton, N.J., as one of the five so-called bosses of organized crime in the Keystone state, and as the boss of the Bucks County area.

But who cared? "Princeton Sam" and the top leaders of the New Jersey power structure commingled their reputations at social and business gatherings.

Now that Mr. DeCavalcade has been "discovered" he is like an advance man for a leper colony. But what of the others in the crime combines — all listed on the Senate investigating committee's Mafia chain-of-command charts.

Just to pick a few: What of such men as Carlo Gambino? Everybody knows he's a power on the eastern waterfront. What about Carmine (Mr. Gribs) Tramunti who succeeded the late Tommy (Three Finger Brown) Luchese to the head of that combine — which has such influence in the construction field? What about Jerry Catena, boss of everything that departed Vito Genovese once surveyed? And this meant the waterfront and carting, just to mention a few areas.

Yes, what about them? As the Pennsylvania Crime Commission put it in its early report, the five alleged Cosa Nostra "bosses" covering the state have 142 known Mafia "members" in Pennsylvania, 92 hoods of whom have records totaling 495 arrests for indictable offenses. But only one is in jail? Whom do they know and where?

There are honest prosecutors and governors and fine state police. But they need help. This means money.

AND CONGRESS HAS been sitting on that money for the next fiscal year beginning in July.

The decent men of the law can use the help which President Nixon promised them — another 13 antiracketeering field offices. Mr. Nixon first pledged 12 new ones but there's a slightly higher quota now.

These field offices will headquarter the "strike forces" made up of agents from the Secret Service, the FBI, the Post Office inspectors group, the Internal Revenue Service, the Bureau of Narcotics, etc.

Attorney General John Mitchell tells us all this will take $50 million. With such money the Justice Dept. will be able to keep syndicates in some 21 metropolitan areas off balance. They will be hit with prosecutions for everything from minor offenses to bullying labor and selling fake securities. And there will be cooperation with the antitrust division. What could this mean?

"... If we can levy treble damages against their (the Cosa Nostra(s) trucking firms), if we can seize their restaurants, if we can find their real estate operations, we can strike a critical blow at organized crime's business operations," says Mr. Mitchell.

"WE HOPE THAT THESE 'strike forces' will cast a complete net of federal and state law enforcement around an organized crime 'family.' It will catch family members in every violation possible — from failure to comply with the Labor-Management Reporting Act, to drug peddling to selling unregistered securities."

But where are these strike forces? Where are the new ones pledged? They're on the "drawing board," while the apporpriations committees are in their counting houses pinching every penny.

At this moment there's only one new strike force burgeoning. This one will open shop in New York's Southern District in mid-July under a pile-driving young U.S. Attorney, Dan Hollman. He'll have 15 attorneys and 50 special agents. They are now being "oriented" over in the Justice Dept.

This will make a massive total of 9 strike forces — to cover at least 24 Mafia families mulcting hundreds of cities.

There are scores of "Princeton Sams." They are brutes. To use an ancient word — they bloodsuck the poor. They terrorize labor and management. They bully the politicians.

And they walk among us unscathed. Why?

Musings From Max

The prosperity and greatness of a nation used to be attributed to its natural resources such as arable land, minerals and water but here lately some smart people are saying that a nation's most vital resource is knowledge.

And just when our universities are being torn asunder, too. But let us hope things are not all that bad.

As James Cagney once said in an old western movie as he bellied up to a bar, "The strong take away from the weak and the smart take away from the strong." He was a relaticely little fellow, but smart.

"Daddy, who was James Cagney?"

Every time I see where some aborigines have flunked an intelligence test I wonder what the result would be if an aborgine gave his own intelligence test to one of our modern civilized big brains. Most of us couldn't survive two months in a jungle.

Considering the present plight of big cities, what ever happened to those beautiful artists' drawing we used to see predicting the beautiful mechanized city of the future?

One explanation of the rough reception Gov. Rockefeller got in Latin America is that students and others there picture the United States in the light of their own environment and experience as a feudal society with wealthy ogres beating down the peasants.

Interesting to see that insurance companies have joined forces to pump $2 billion into trying to improve ghettos. Every destructive riot costs insurance companies heavily.

Rudyard Kipling must have had our Paris peace talks in mind when he wrote, "East is East and West is West and never the twain shall meet."

Most presidents of land grant universities favor retention of Reserve Officers Training Corps. I always thought such universities had to have ROTC as one of the conditions under which the government originally granted them their land. I must have been wrong again. Ah, me.

A local college is offering a summer course on 'How To Survive in College," but it has to do with taking notes, studying, grades and examinations, not karate, molotov cocktails and tear gas.

Most poetry is beyond me but I have always wondered about E. E. Cummings (1894-1962) who used to sign his poems in lower case "e. e. cummings." His name was Edward Estlin Cummings. There is a new book out, "Selected Letters of E. E. Cummings." zone literary crit-Letters of E. E. Cummings." One literary critegory and opposed the state, which would make him at least a theoretical anarchist. There are plenty of them at all levels of society.

I am writing to the people who park their cars on Jackson St. between 3rd and 4th Sts. and who don't live there.

For the last couple of days when I came home from work, I have not been able to park my car in front of my house. I have had to park on W. 4th St. Since I work night turn and cannot get up every two hours to put a dime in the meter, I've been getting quite a few tickets. I cannot afford to keep paying these tickets.

So please, if you work up town park your car close to your work.

I am sure that your employer will let you off work for a couple of minutes to go outside and put money in your meter—that is if it's not an inconvenience to you.

If these people insist on parking here, further measures will be taken. I personally will see to it that violators either are towed away or else pay my tickets.

Congress was split on the gift. Democratic opponents of the President's antiballistic missile system said, "The President's been over his head since he's been in the White House. I don't imagine a surfboard would make any difference."

BUT REPUBLICAN LEADERS said they were pleased with the President's stand and they expected him to ride out the criticism.

Vice President Spiro Agnew was surprised to hear that President Nixon had a surfboard. When told that the President might have him try out the board first, the vice president said, "He told me when I took this job I'd either sink or swim but I didn't know the test would come this early."

Before using the surfboard, Washington sources hinted that President Nixon would go on television and explain to the American people why he had decided on surfing. He would make it perfectly clear that as president of the United States the decision to use or not use the surfboard was his alone.

He would give 20 reasons why he shouldn't use the surfboard and 20 reasons why he should use it. He would then say that he had weighed the risks and had come to a decision that to surf would be dangerous but not to surf would be worse.

When the gift was announced in the newspapers, an Antisurfers Committee was formed by Arthur Schlesinger, John Kenneth Galbraith and Richard Goodwin to protest the administration's surfing policies.

BACKED BY SCIENTISTS at MIT, Stanford and Harvard, the Antisurfers Committee took out full-page advertisements in leading newspapers stating that the President's Surf board would not work.

The administration immediately produced its own scientific experts who said that the President's surfing not only was feasible but that it was absolutely necessary for the security of the country.

In the meantime, the White House press secretary, Ron Ziegler, announced the President was leaving for Key West next weekend with Bebe Rebozo to find the "perfect wave."

Replacements On The Way

VICTOR RIESEL

Mafia Probe Is Hindered

WASHINGTON — It s a sadistic reflection on an honest trade to refer to that Mafioso, Simone "Princeton Sam" DeCavalcante as "Sam the Plumber." This nom de guerre insinuates that he has an occasion given an honest day's work for a full day's muscling.

Victor Riesel

And few who have known Simone Rizzo DeCavalcante can truthfully testify to such dedication by the manicured thug who was so little known to the public until sucked from his quiet suburgan life in New Jersey into the national limelight by the Justice Dept.'s publicizing of 2,000 pages of FBI electronic eavesdropping.

What is disturbing here in the East is that Princeton Sam's instant notoriety should appear to startle so many public figures, so many candidates for governor, so many Congressmen, so many prosecutors.

Fact is that many of us in the anti-Mafia group have known of Mr. DeCavalcante. He has been politically influential for years. He once told one of the New York-New Jersey Waterfront Commission directors, who then was running for office, that he (Princeton Sam) would break the candidate as he had "broken others" if he did not cooperate. Well, the honest candidate did not cooperate. And he lost.

"DON" DeCAVALCANTE has mingled with the highest — though the highest well knew who he was, what he did and his sledgehammer subtleties. As recently as Feb. 2—four months before U.S. Attorney David Satz set off a time bomb by putting the FBI transcripts into the Newark (N.J.) Federal Court House records — the almost brand new Pennsylvania Crime Commission had something quite definite to say about "Princeton Sam." The Commission identified DeCavalcante of Trenton, N.J., as one of the five so-called bosses of organized crime in the Keystone state, and as the boss of the Bucks County area.

But who cared? "Princeton Sam" and the top leaders of the New Jersey power structure commingled their reputations at social and business gatherings.

Now that Mr. DeCavalcade has been "discovered" he is like an advance man for a leper colony. But what of the others in the crime combines — all listed on the Senate investigating committee's Mafia chain-of-command charts.

Just to pick a few: What of such men as Carlo Gambino? Everybody knows he's a power on the eastern waterfront. What about Carmine (Mr. Gribs) Tramunti who succeeded the late Tommy (Three Finger Brown) Luchese to the head of that combine — which has such influence in the construction field? What about Jerry Catena, boss of everything that departed Vito Genovese once surveyed? And this meant the waterfront and carting, just to mention a few areas.

Yes, what about them? As the Pennsylvania Crime Commission put it in its early report, the five alleged Cosa Nostra "bosses" covering the state have 142 known Mafia "members" in Pennsylvania, 92 hoods of whom have records totaling 495 arrests for indictable offenses. But only one is in jail? Whom do they know and where?

There are honest prosecutors and governors and fine state police. But they need help. This means money.

AND CONGRESS HAS been sitting on that money for the next fiscal year beginning in July.

The decent men of the law can use the help which President Nixon promised them — another 13 antiracketeering field offices. Mr. Nixon first pledged 12 new ones but there's a slightly higher quota now.

These field offices will headquarter the "strike forces" made up of agents from the Secret Service, the FBI, the Post Office inspectors group, the Internal Revenue Service, the Bureau of Narcotics, etc.

Attorney General John Mitchell tells us all this will take $50 million. With such money the Justice Dept. will be able to keep syndicates in some 21 metropolitan areas off balance. They will be hit with prosecutions for everything from minor offenses to bullying labor and selling fake securities. And there will be cooperation with the antitrust division. What could this mean?

"... If we can levy treble damages against their (the Cosa Nostra(s) trucking firms), if we can seize their restaurants, if we can find their real estate operations, we can strike a critical blow at organized crime's business operations," says Mr. Mitchell.

"WE HOPE THAT THESE 'strike forces' will cast a complete net of federal and state law enforcement around an organized crime 'family.' It will catch family members in every violation possible — from failure to comply with the Labor-Management Reporting Act, to drug peddling to selling unregistered securities."

But where are these strike forces? Where are the new ones pledged? They're on the "drawing board," while the apporpriations committees are in their counting houses pinching every penny.

At this moment there's only one new strike force burgeoning. This one will open shop in New York's Southern District in mid-July under a pile-driving young U.S. Attorney, Dan Hollman. He'll have 15 attorneys and 50 special agents. They are now being "oriented" over in the Justice Dept.

This will make a massive total of 9 strike forces — to cover at least 24 Mafia families mulcting hundreds of cities.

There are scores of "Princeton Sams." They are brutes. To use an ancient word — they bloodsuck the poor. They terrorize labor and management. They bully the politicians.

And they walk among us unscathed. Why?

Musings From Max

The prosperity and greatness of a nation used to be attributed to its natural resources such as arable land, minerals and water but here lately some smart people are saying that a nation's most vital resource is knowledge.

And just when our universities are being torn asunder, too. But let us hope things are not all that bad.

As James Cagney once said in an old western movie as he bellied up to a bar, "The strong take away from the weak and the smart take away from the strong." He was a relaticely little fellow, but smart.

"Daddy, who was James Cagney?"

Every time I see where some aborigines have flunked an intelligence test I wonder what the result would be if an aborgine gave his own intelligence test to one of our modern civilized big brains. Most of us couldn't survive two months in a jungle.

Considering the present plight of big cities, what ever happened to those beautiful artists' drawing we used to see predicting the beautiful mechanized city of the future?

One explanation of the rough reception Gov-Rockefeller got in Latin America is that students and others there picture the United States in the light of their own environment and experience as a feudal society with wealthy ogres beating down the peasants.

Interesting to see that insurance companies have joined forces to pump $2 billion into trying to improve ghettos. Every destructive riot costs insurance companies heavily.

Rudyard Kipling must have had our Paris peace talks in mind when he wrote, "East is East and West is West and never the twain shall meet."

Most presidents of land grant universities favor retention of Reserve Officers Training Corps. I always thought such universities had to have ROTC as one of the conditions under which the government originally granted them their land. I must have been wrong again. Ah, me.

A local college is offering a summer course on' 'How To Survive in College," but it has to do with taking notes, studying, grades and examinations, not karate, molotov cocktails and tear gas.

Most poetry is beyond me but I have always wondered about E. E. Cummings (1894-1962) who used to sign his poems in lower case "e. e. cummings." His name was Edward Estlin Cummings. There is a new book out, "Selected Letters of E. E. Cummings." zone literary crit-Letters of E. E. Cummings." I am writing to the people who park their cars on Jackson St. between 3rd and 4th Sts. and who don't live there.

For the last couple of days when I came home from work, I have not been able to park my car in front of my house. I have had to park on W. 4th St. Since I work night turn and cannot get up every two hours to put a dime in the meter, I've been getting quite a few tickets. I cannot afford to keep paying these tickets.

So please, if you work up town park your car close to your work.

I am sure that your employer will let you off work for a couple of minutes to go outside and put money in your meter—that is if it's not an inconvenience to you.

If these people insist on parking here, further measures will be taken. I personally will see to it that violators either are towed away or else pay my tickets.

The DOCTOR Says

Acute Nephritis Usually Curable

A mother, whose daughter, 12, had nephritis recently, wonders how she can prevent a recurrence and whether there is danger of permanent kidney damage. Nearly all children who have acute nephritis make a complete recovery if they are kept in bed and given a low - protein, salt - poor diet.

Dr Brandstadt

As soon as there are definite signs of recovery, these restrictions are no longer required but it is important to protect the child against streptococcal infections. This means prompt treatment with an antibiotic or a sulfa drug at the first sign of a fever. A recurrence and permanent kidney damage can be prevented in this way.

—:—

Q — My daughter, 8 has to have impacted wax washed out of her ears about twice a year. Is there any way to loosen up the wax so it will come out without being washed out?

A — The reason the wax hardens in your daughter's ears is probably inadequate movement of the wax outward by the cillia lining the ear canal. Drops of warm mineral oil or corn oil in the ear will soften the wax and make it easier to wash out but will not necessarily prevent it from accumulating and blocking the canal.

—:—

Q — Our son, 14, has histoplasmosis which has damaged his retinas. He is taking shots to control it. Can he be completely cured? Can cattle, horses and pigs carry this fungus?

A — Treatment with the antibiolic, amphotericin B, will cut the infection but will not restore tissue that has been damaged. The disease usually affects the lungs and may spread to the liver and spleen. Involvement of the retinas is very rare. The fungus is carried by soil that is contaminated by the droppings of chickens, pigeons and other birds rather than by mammals.

—:—

Q — My son was born with hypospadias. What is the best treatment?

A — This is a congenital defect in which the unrethral opening may be located anywhere in the penis short of the normal outlet. Surgical repair early in childhood is advised to prevent your son from developing a feeling that he is a freak. The operation is usually performed in two stages.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Delegates Selected For Girl's Nation

COLUMBUS, Ohio (AP) — Jane Harrison of Wickliffe and Mary Lee Martello of Ashtabula will represent Ohio at Girls' Nation in Washington next month.

Their selection was announced Saturday during the closing session of Buckeye Girls' State on the Capital University campus. The 1,300 girls attending the American Legion sponsored government workshop returned to their homes Sunday.

State VFW Officers Seated At Conclave

CLEVELAND, Ohio (AP) — Sam Warmoth Jr. of Monroe in Butler County was installed as commander Sunday in the closing session of the Ohio Veterans of Foreign Wars convention here.

Don Woolard of Columbus was elected senior vice commander and Arthur Taber of Bellevue was voted junior vice commander, an office which usually leads to command of the group without opposition after two years.

Clevelander Killed

CLEVELAND, Ohio (AP) — Cleveland Police said they were holding a man for investigation into the slaying Sunday of Terrell Grier, 29, of Cleveland.

Grier was shot four times near his home and was dead on arrival at Mount Sinai Hospital, police said.

Dozen Bills Due Before Legislature

COLUMBUS, Ohio (AP) — About a dozen bills were up for votes as both houses of the 108th Ohio General Assembly reconvened today.

But most of the controversial business before the legislature during its 25th weekly session was at the committee level.

Before the House was one measure to extend to juveniles the same legal rights as adults in court, and another to place a 4 per cent tax on the gross receipts of airlines doing business in the state.

The Senate will consider a resolution to put before voters in November a constitutional amendment to permit the state to issue revenue bonds to construct low and moderate income housing in slum areas.

Meanwhile, two controversial measures, Sunday liquor sales and mandatory water fluoridation, come up for committee hearings this week.

The bill to permit Sunday liquor sales by local option, which squeaked through the House, gets its first Senate airing in the Elections, Commerce and Labor Committee Tuesday morning.

The Senate - approved bill to require statewide water fluoridation comes before the House Health and Welfare Committee Wednesday.

The House Ways and Means Committee is expected to receive amendments for a permissive income tax Tuesday morning and will meet Wednesday morning for further consideration of the bill.

The Senate Ways and Means Committee will hear nine bills Tuesday morning, including proposals to expand the horse racing season and create a housing development agency.

A series of 13 proposals, including four bills dealing with firearms control, will be heard by the House Judiciary Committee Wednesday morning.

How many more items does the average super market have now than in 1928? According to a recent study, stores carried 867 items in 1928 compared to 7,350 in 1967 and a predicted 10,000 in 1970.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases — to promptly stop itching, relieve pain and actually shrink hemorrhoids.

Tests by doctors proved that in case after case, while gently relieving pain, actual reduction of the inflamed hemorrhoids took place.

The secret is Preparation H®. There's no other formula like it! Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Storms Kill 5, Injure 30 In Missouri

OLD MINES, Mo. (AP) — Tornadoes left five persons dead and more than 30 injured in the Missouri lead mining belt southwest of St. Louis Sunday night.

At Old Mines, one twister destroyed nearly a dozen homes. Roy Pratt, a 45-year-old strip mine employe, and his 8-year-old son Francis were killed.

Seven other members of the Pratt family were injured when they were trapped in their frame dwelling, which collapsed.

Two elderly brothers, Jacob and Herman Hurst, died when another twister tore into their home near Farmington about 22 miles southeast of Old Mines.

The fifth victim, a Carbondale, Ill., motorist, was killed when a tornado lifted his car from U.S. 67 near Farmington and slammed it into a rock bluff. Farmington Communisty Hospital withheld his identity.

"We heard this awful roar, just like a railroad train," said a neighbor of Pratt, Clyde Boyer. "It took the doors right off the storm cellar and my wife and my boy and I crouched down on the floor until it passed."

Most roads in the area were blocked by fallen trees.

The twisters downed power lines and telephone wires and an electrical storm made two-way radio contact nearly impossible in the stricken area for hours, leaving a virtual communications blackout.

Hospitals at Farmington, Ironton and Potosi, reported treating about 35 persons, most of them for minor injuries.

A spokesman for the weather bureau in St. Louis said the tornadoes were spawned by "typical summer storms."

Late Saturday night and early Sunday another batch of tornadoes struck in central Kansas, injuring about 100 persons and causing damage estimated at more than $10 million.

Hardest hit was Salina, a city of 40,000, where 37 of 43 planes were battered at the airport, 26 houses, 17 business buildings and 12 mobile homes were destroyed, and heavy damage was done to 110 houses, 21 business buildings, three churches and three schools.

Just To Be Safe

MEMPHIS, Tenn. (AP) — A sign at a local golf course said: "Poison on greens. Do not put ball in mouth."

Probe Irks Air Traffic Controllers

WASHINGTON (AP) — The Professional Air Traffic Controllers Organization has warned it will not tolerate further government investigation of last week's slowdown, raising the possibility of a new—and posibly worse — air transportation crisis.

But the director of the Fedtral Aviation Administration's Air Traffic Service, William J. Flener, said the probe would continue.

Between 250-300 controllers called in sick last Wednesday and Thursday, while those who reported enforced FAA safety rules to the letter, forcing airlines to cancel hundreds of flights and delay others for hours.

The controllers complained of being understaffed and overworked.

When the slowdown ended Friday morning, FAA investigators began quizzing every controller who reported sick, asking each to furnish a physician's statement. Flener said the interviewing was stopped Sunday but was to be resumed today.

"If this is continued today, we think the whole thing will blow up and aviation will come to a stop," the organization's vice chairman, James R. Ean, said in New York. He said he feared an "emotional and spontaneous" reaction by controllers in key cities, even though organization officials were urging members to "cool it."

In Boston F. Lee Bailey, counsel for the controllers, echoed the prediction. "If it happens again Monday these men will walk out," he said. "They all have lawyers and if the investigators want to talk with them, we are available."

Bailey said he protested to the Department of Transportation over the weekend it was "harassment" when investigators called controllers from their radar sets to be questioned.

Flener said the goal of the investigation is "to find out the nature of the so-called spontaneous illness." The next step, he said, will be up to Secretary of Transportation John A. Volpe and FAA Administrator John H. Shaffer.

Shaffer, he said, ordered the investigation.

Refuses To Back Pill

LONDON (AP) — The government has refused to back developmnet and production of a contraceptive pill for men, because of the "appalling increase" in abortions in Britain.

Baroness Serota, Minister of State for Health, said it also would be very costly and the Government did not feel justified in contributing.

HANNIBAL, Mo. (AP) — Sigma Delta Chi, the professional journalism society, dedicated a plaque at Mark Twain's one-time home Sunday, commemorating his career as a newspaperman.

Twain, got his start as a writer on the Hannibal Journal.

WASHINGTON (AP) — A helicopter brought President and Mrs. Nixon back to the White House Sunday after a weekend spent attending a wedding and observing the 29th anniversary of their own.

The Nixons were guests at the Saturday wedding of Vice President Spiro T. Agnew's daughter Pamela and Robert E. DeHaven, in Towson, Md. Then they went on to Camp David, the presidential retreat in the Catoctin Mountains of Maryland, for an overnight stay.

With them were their daughters Tricia and Julie, David Eisenhower, Julie's husband, and the president's friend C. G. "Bebe" Rebozo.

INGOLSTADT, Germany (AP) — Foreign Minister Willy Brandt says West Germany should seek "reconciliation and agreement" with Poland and other Communist nations of Europe's eastern bloc.

In a speech Sunday to a state convention of the Social Democratic party, Brandt said:

"This reconciliation with Poland some day will rank with the reconciliation between France and West Germany."

BELGRADE (AP) — Actres Sophia Loren and her husband, Carlo Ponti, were guests of President Tito and his wife Sunday on the island of Brioni.

LONDON (AP) — Bernadette Devlin, at 22, Britain's youngest lawmaker, says she will quit politics within the next two years to go back to school.

Miss Devlin was elected to the British Parliament in April to represent the Northern Ireland constituency of Mid-Ulster after campaigning on a platform of civil rights for Roman Catholics.

"I have done my job—I have no wish to become a professional politician," she said Sunday. "I just want to go back to studying psychiatry at Queen's University, Belfast."

A Neat Trick

LOUISVILLE, Ky. (AP) — William P. Bland recently became a rarity in insurance circles by collecting on the face value of his policy. He is 96. Under mortality tables used when he took out the policy in March 1873, the contract matured in March 1969. Tables now in use set age 100 as maturity. Bland's contract was written in longhand.

How Can I?

By ANNE ASHLEY

Q.—How can I remove carbon paper stains from fabrics?

A.—With washable fabrics, a laundering in heavy suds in the usual answer. In the case of unwashables, sponge with denatured alcohol diluted with two parts of water. Rinse by sponging with clear water.

Q.—I have been using clear fingernail polish to stop runs or snags in my nylon hosiery, but this always turns white after I wash the hose. Is there any remedy for this?

A.—Try using beige or gold-tinted polish, instead of clear.

Q.—How can I clean badly soiled ceramic tile floors?

A.—Try washing them with one tablespoon of turpentine or mineral spirits mixed with a gallon of water. This usually does an excellent job.

Q. — Please suggest a recipe for a low - calorie salad dressing.

A. — Combine 2-3-cup of cottage cheese, 1-3-cup fresh grapefruit juice, two tablespoons of fresh lemon juice or lime juice, one teaspoon grated lemon rind, ½-teaspoon salt, ⅛-teaspoon each of ground black pepper and paprika. Beat with an electric or rotary beater. Serve over salad greens or fruit salad. Makes 1¼ cup.

Area Girl, Local Resident Wed In Wintersville Rites

Miss Cheryl Ann Strobel and Thomas B. Connery IV were united in marriage June 8 at 2:30 p.m. in the Wintersville United Methodist Church, with Fr. John Nentwick, former city resident, and the Rev. Charles Dailey officiating for the single-ring, candlelight ceremony.

The bride is the daughter of Walter J. Strobel of Wintersville and the late Mrs. Carrie Strobel. The bridegroom is the son of Thomas B. Connery III of Tilden, N. Y., and Mrs. Alex Prokop of Kelly Ave., Glenmoor.

—:—

GIVEN IN marriage by her father, the bride was attired in a full - length gown of ivory silk - face peau accented with appliques of re - embroidered Alencon lace. The Empire bodice was fashioned with a scalloped neckline and short sleeves, bordered with the same lace and fell into a full train.

Her bouffant, elbow - length veil of silk illusion was held in place by a matching Dior bow. She carried a cascade of white roses, stephanotis and ivy tied with satin streamers. The traditions were observed.

Miss Helen Dubczak was maid of honor. Mrs. William Humble, Miss Susie Korb and Miss Billie Smith, bridesmaids, and Miss Malana Prokop, junior bridesmaid.

They appeared in sleeveless full - length gowns of apricot designed with Empire bodices, ruffled necklines and side accents. Their headpieces were matching Dior bows with theater veils. They carried Colonial bouquets of carnations.

Lisa Ann Strobel and Gary J. Strobel were flower girl and ringbearer.

William Turner served as best man. Ushers were Darryl E. Strobel, Robert Burkhart and Patrick Chema.

—:—

A RECEPTION followed in the social rooms and a buffet supper was served at the home of the bride's parents.

Following a honeymoon in the Bahamas, the newlyweds will reside in Columbus. The bride was graduated from Wintersville High School and Ohio State University, where she was a member of Pi Lambda Theta educational honorary. She has taught in the Stark and Indian Creek School districts and now has accepted a teaching position in the Worthington School district.

Four Hospitalized

Infant Girl Hurt In Area Collision

A 21-month-old Columbiana girl was in "critical" condition today at a Youngstown hospital with injuries suffered in Lisbon area traffic crash, one of six investigated by the Ohio Highway Patrol over the weekend.

Three others were hospitalized and several more treated as a result of the series of mishaps, the Patrol said.

Gillian Kauffman of N. Elm St., Columbiana, was in St. Elizabeth's Hospital today with a fractured skull received in a collision on Route 164 about three miles south of Lisbon.

Mrs. Jill Novicki, 27, of 222 Sunset Court, Columbiana, driver of the car in which the child was a passenger, was in "fairly good" condition today at Salem City Hospital with a fractured shoulder and pelvis.

Other passengers in the auto, Mrs. Virgil Kauffman and her children—Amy, 3, Joanne, 5, and Audrey, 7—were apparently not injured.

The Patrol said the accident occurred Saturday at 8:20 p.m. when Alvin L. Jarvis, 21, of 1812 Clark Ave., Wellsville, attempted to pass the vehicle driven by Mrs. Novicki as she attempted to pass another northbound car.

The Novicki vehicles struck the Jarvis auto, and both cars spun around. The Jarvis vehicle stopped on the roadway. The 1967 auto driven by Mrs. Novicki slid off the west side of the road, striking the guardrail, rolling over and coming to rest on its top.

There was only slight damage to Jarvis' 1964 coach. The Novicki auto was demolished. The accident is still under investigation.

A Wellsville man was in Salem City Hospital in "fair" condition following a motorcycle accident on Route 517 about a mile east of Route 164 Sunday at 4:50 p.m.

Kenneth D. Buckel, 22, of 2110½ Chester Ave., Wellsville, received multiple lacerations of the chin and lower lip, lacerations of the upper arm, broken lower teeth and abrasions of the lower extremities.

He was injured when his motorcycle went off the right side of the road, and he lost control of the cycle which flipped over on its side.

Buckel was cited for having no operator's license.

A Washingtonville woman was admitted to City Hospital where she is in "good" condition today with injuries received in an accident on Route 7 about five miles south of Rogers at 9:45 p.m. Sunday.

Lisa M. Donnelly, 37, of Washingtonville received a laceration of the left leg and chest and shoulder contusions.

Edward J. Donnelly, 36, of Washingtonville, a passenger in the auto, was treated for abrasions and released.

Mrs. Donnelly was northbound on Route 7 in a 1962 coach when the auto went off the right side of the road into a ditch. The auto was demolished.

Two Cleveland residents injured in a motorcycle accident on Route 267 about a half mile north of East Liverpool Saturday night were treated at City Hospital and released.

James D. Quisenberry, 20, of Cleveland suffered contusions of the left leg and knee.

Paula A. Ruckman, 18, a passenger on the motorcycle, was treated for abrasions of the left leg.

The Patrol said Quisenberry lost control of his motorcycle and it slid off the right side of the road and collided with a junk car owned by Walter Coleman of Lisbon St., operator of a salvage yard, and flipped over.

The acicdent was timed at 10:04 p.m.

An East Liverpool youth was cited for speeding as the result of an accident on the Westfield Rd. Sunday at 1:25 p.m.

Donald W. Herron II, 19, of 310 Moore St. was traveling west when his auto went left of center on a curve. Herron said he saw an eastbound auto approaching, and attempted to return to his own lane. His auto began to slide and went off the south side of the road into a ditch.

Two drivers escaped injuries but their autos were severely damaged in an accident on Oak Grove Rd. just west of Route 39 near Salineville.

Cars driven by Daniel Lee Mouse, 27, of Boales Hill, Salineville, RD 1, and Yvonne K. Jenkins, 29, of Foundry Hill, Salineville RD 2, was sideswiped in the center of a small bridge.

The accident was timed at 6:05 p.m. Saturday.

Young Driver Gets $15 Fine

A 19-year-old driver was fined $15 and costs today by Municipal Judge Samuel M. Chertoff on a reckless driving charge filed by the Ohio Highway Patrol after a pursuit on secondary roads in Liverpool and St. Clair Townships early Friday morning.

Merle W. Miller of MC 22 pleaded guilty to the charge, which was filed after he was halted on State Route 267 at 12:50 a.m. Friday. The patrol reported he was pursued on Kountz Ave. and Campground Rd. at speeds ranging up to 80 miles an hour and that he crashed a stop sign at the junction of the Campground Rd. and Shadyside Ave.

A court issued a warrant for the arrest of Steven R. Shroades, 18, of 301½ Jefferson St., who failed to appear on a patrol charge of operating an auto with a defective headlight. He was cited Friday at 2:15 p.m. on Route 7.

Three more cited drivers forfeited bonds and another received a continuance.

Walter L. Jones, 55, of Youngstown forfeited $17.50 on a charge he crashed a stop sign at E. 4th and Broadway. He was cited by Patrolman Dwight Garvey Saturday at 6:23 p. m. Kate R. Haddad, 24, of Williamsville, N. Y., and Robert VanLier, 24, of Canton each forfeited a $22.50 bond on charges of speeding on the Freeway. They were cited Sunday afternoon by Patrolman James Woods.

The court granted a continuance until Friday in the case of Emery Brewer of 445 1st Ave., cited by Woods Sunday at 5:35 p.m. on the Freeway on a charge of driving 67 miles an hour in a 50-mile zone.

Daniel Fitch of 7th Ave., LaCroft, forfeited a $32.50 bond on an intoxication charge after he was cited Saturday at 10:43 p.m. on E. 3rd St. by Lt. Paul Blevins. The officer reported he ticketed Fitch's car for illegal parking and the owner then emerged from a tavern nearby. The officer said Fitch was cited before he could operate the car.

when some tribe leaders agreed to give up all claims and move their people to what is now Okahoma.

However, many Seminoles refused to leave and in 1835 the second Seminole war broke out. Before it was over, the Seminoles under chief Osceola, had killed more than 1,500 federal troops and cost the government $20 million.

Attorneys for the tribe estimate about 1,500 Seminoles still live in Florida and 3,500 more reside in Oklahoma, which would mean about $7,500 for each if the entire $40 million is awarded.

WASHINGTON (AP) — United States Rep. William Henry Bates, R-Mass., a former naval officer and strong congressional advocate of a nuclear Navy, died Sunday of stomach cancer at 52.

Pompidou

(Continued from Page 1)

Giscard d'Estaing had been minister of finance under De Gaulle from January 1962 to January 1966 but then helped form a splinter group called Independent Republicans who said they were basically for De Gaulle but reserved the right to disagree with him.

Giscard d'Estaing is known to favor both British entry into the Common Market and political integration in Europe. He took the job after former Premier Antoine Pinay, also an independent Republican, turned it down Saturday despite Pompidou's urging.

Other indications of less rigid Gaullism in the cabinet are the naming of three Centrists to important posts—Rene Pleven, former premier, as minister of justice; Jacques Duhamel, another "Europeanist," as minister of agriculture, and Joseph Fontanet, minister for labor, employment and population.

All thre urged "no" votes in the April 28 referendum that led to De Gaulle's retirement. But they rallied to Pompidou rather han support Centrist candidate Alain Poher in the presidential elections June 15.

Missing from the new cabinet are three stalwart Gaullists—former Premier Maurice Couve de Murville; former Education Minister Edgar Faure, and former Minister for Cultural Affairs Andre Malraux.

Warren

judge building a legal reputation as a strict constitutional constructionist who advocated a hard approach to criminal law.

Although Nixon's political differences with Warren apparently were put behind them earlier this year, when the President appointed Burger he stressed that the Minnesota native was his kind of "law and order" judge who would take a more traditional approach as chief justice.

Warren, a 78, was eager to step down from the bench. Actually he announced his intention to retire nearly a year ago, but stayed when the Senate refused to confirm his originally-appointed successor, Abe Fortas.

His public life began 50 years ago when he was first elected to office in California. He moved up to become the state's attorney general and then governor.

He ran for vice president on the 1948 Republican ticket and once had his eye on the White House itself. Although a lawyer, he became chief justice in 1953 with limited experience in constitutional law.

At the start, observers expected he would follow the same, middle-of-the-road approach set by the man who appointed him, President Eisenhower.

Butthe Warren Court moved sharply.

In 1954 the court ruled that segregated schools, no matter how equally maintained and operated, were illegal. With the chief justice leading the way, the court entered the "political thicket" of voter apportionment and ruled that legislatures had to be elected on the basis of one-man, one-vote. These and other decisions, particularly in racial and civil rights matters, led to some calls for Warren's impeachment.

Ohio University Opens Workshop

ATHENS, Ohio (AP)—Twenty three high school students from metropolitan inner city schools are enrolled in a new urban journalism workshop at Ohio University's 24th annual Workshop on High School Publications.

Some 1,400 students are involved in the entire program, which opened Sunday.

The experimental section on urban journalism was added to interest inner city students in journalism, according to workshop director J. W. Click.

Speakers at the workshop sessions include: Al Dopking, Ohio Chief of Bureau of The Associated Press, Sydney Gruson of The New York Times; Sid Davis of Westinghouse Broadcasting and Hilbert Black, chief police reporter fot The Cleveland Press.

the brothers had as guests their cousin, Robert L. Russell, 16, of Girard, and a friend of his, Rex Martin, 15, also of Girard.

Sheriff's Deputy Dan Gartland said the Russell boy told him he and Martin were in the kitchen when they heard a scream and saw Dennis run by the house on fire.

The two visitors ran outside and caught Dennis and rolled him on the ground and "patted the fire out," they told the deputy. Neither was burned.

Taking the boy back into the house, they put wet towels on the burned boy and tried to get a Salineville physician. Unable to get a doctor, the boys took Dennis to Route 39 and hailed a "white Valiant" and he took the three youths to the hospital.

Sheriff's deputies did not learn the identity of the driver of the car until Saturday afternoon when a Mrs. Lonnie Fields of 507 Commerce St., Wellsville, notified the office her husband was driving the car.

Deputies Gartland and Richard Koffel took John Jr. into custody about midnight at his home. He had been missing for several hours after the hospital reported the burning to Mr. and Mrs. Baker.

Deputy Gartland said he learned the brothers quarrelled over a chess game and had been wrestling and fighting before John Jr., the smaller of the two, went outside and got gasoline in a bucket. He threw it onto his brother in the living room. Dennis apparently tried to escape through his bedroom window when the lighted match was thrown, the deputy said.

FBI To Pick Up Pittsburgh Man In Traffic Case

William L. Laffey, 23, of 227 N. Graham St., Pittsburgh, who drove away from Curry's Service Station in Highlandtown early Friday without paying for gasoline, is being held in jail at Carrollton on a traffic conviction. He will be surrendered to the FBI.

Sheriff Russell J. Van Fossan of Columbiana County ascertained Friday by checking with Pittsburgh and Harrisburg authorities that the Yellow Cab driven by Laffey had been stolen in Pittsburgh.

Carroll and Stark County sheriffs' deputies stopped the cab near Waynesburg, Stark County, about 30 minutes after Mrs. Goldie Curry of Highlandtown notified the sheriff of the theft.

Laffey was convicted Saturday before Mayor W. T. Flenniken of Carrollton of a charge of driving while his license is under revocation. He was fined $100 and costs and was sentenced to six months in jail.

miles of the camp perimeter have been hit hard.

Elsewhere across South Vietnam, ground action tapered off sharply with only scattered clashes reported over the weekend.

In one early today, the headquarters base of the 11th Light Infantry Brigade near Duc Pho was hit by about 100 mortar and recoilless rifle shells and rocket grenades, followed by a sapper attack.

Reports from Da Nang said a few of the North Vietnamese demolition experts penetrated the perimeter wire but were thrown back after one was killed. U.S. casualties were listed at eight men wounded.

North of Duc Pho near Quang Ngai City, troopers of the 101st Airborne Division reported they found another enemy hospital complex the second in two days. It included 10 huts, nine bunkers, two kitchens and a mess hall, according to the report.

In a village 8 miles south of Da Nang, a plastic charge exploded in a ballot box during voting Sunday for a new village chief, killing two militiamen and two village officials and wounding three other persons.

Twenty-six enemy rocket and mortar attacks were reported overnight, causing light casualties and damage over-all, spokesmen said.

The world's biggest ice cube is Antarctica. Its massive ice cap, if melted uniformly, would release enough water to match the flow of the Mississippi River for more than 50,000 years.

We are munching popcorn now at the rate of half a billion pounds a year. Moviegoers eat the most, followed by baseball fans and television viewers.

Men between 21 and 35 years old, a recent survey indicated, are our worst litterbugs—twice as bad as women.

Dogs sometimes get excited and nervous when taken to canine beauty parlors. To care for them, a dog grooming shop has extended its services to include house calls. Specialities include hair curling, teeth cleaning and eyebrow tweezing.

Which animal suffers the most human-type diseases? The pig does—perhaps because it acts t he most like people.

Quotable notables: "The graveyards are full of women whose houses were so spotless you could eat off the floor. Remember the second wife always has a maid."—Heloise Cruse.

The high cost of higher education: Expensive as college is now, it could be a lot worse—and probably will. According to the U.S. Office of Education, students in private colleges now pay only about 65 per cent of the total cost of their education. At state universities, students pay only 21 per cent.

Tongue in cheek: A New England doctor has suggested that instead of bearing printed health warnings, cigarette packs contain coupons redeemable for medical treatment of lung cancer, heart attacks, emphysema, bronchitis and other ailments believed to be smoking-connected.

The long hair worn by hippies today reflects one of man's oldest superstitions—that the hair is the vital seat of life and strength. Some primitive tribes never allowed children's hair to be cut until they were a year old, fearing that if they did it would lessen the children's vitality and make them prey to illness.

Psychological: Dark gray is a color that depresses people most. Suicides from a gray bridge in England ceased after the span was painted a light green. Research has shown that workmen feel that metal boxes painted gray are heavier than the same weight boxes painted a lighter color.

Do you pride yourself on the beauty of your penmanship? Well it is no sign that you are of superior intelligence. Graphologists say that some of the most brilliant people write an almost illegible hand.

It was G. K. Chesterfield who observed, "The classes t h a t wash most are those that work least."

Floating Oil Burns On Cuyahoga River

CLEVELAND, Ohio (AP) — No cause was determined Sunday for an oil slick fire which floated down the Cuyahoga River in Cleveland, damaging two railroad trestles before being put out with the aid of a fireboat.

One of the two trestles, a two-track bridge owned by the Norfolk & Western Railway, was closed because of damage estimated at $45,000. F i r e m e n blamed industries along the river for the oil slick.

Kent Man Charged In Slaying Of Wife

KENT, Ohio (AP)—Kent Police have charged John C. Taylor, 26, of Kent with homicide in the fatal shooting Saturday night of his 19-year-old wife Linda Sue.

Police said Taylor's wife had fled to the house of a sister, Carol Ann Rawson, 21, after an argument wi ht her husband. Taylor allegedly shot both women, police said. The sister was in guarded condition at an Akron hospital.

Man, Family Use Knife To Hijack Plane

MIAMI (AP) — A Spanish-speaking man holding a knife and a bottle marked "explosives" hijacked a jetliner with 89 persons aboard to Cuba. His wife and teen-aged daughter wer with him.

The Newark-to-Miami Eastern Airlines DC8 returned safely to Miami Sunday after spending several hours in Havana.

The hijacker and his family, who had been issued tickets under the names o f "Mr. and Mrs. and Miss Perez," remained in the Cuban capital.

Second Officer David Savage said a bottle labeled "Danger: Explosives" was tied to the hijacker's wrist by a string.

"It looked like pink sugar and inside this was a test tube of what looked like methiolate, with wax on top of it," he said.

"It probably was just a diversion, but you don't know what it is, of course."

Stewardess Rose Mary Evans of Atlanta said the man called to her and drew a knife.

"He couldn't speak English but he beckoned me to unlock the door," she said. "He didn't say anything."

The pilot, Capt. Bernard L. Hutain, said the incident occurred just south of Norfolk, Va., and the man in his 50s with a deeply lined face said "Havana, Havana." Hutain added, "I got the message."

"His daughter, who said she was 15, came into the cockpit and acted as interpreter. She was short but attractive, with shoulder-length black hair and brown eyes. She indicated they were from Newark and that she had been in high school," Hutain said after the plane returned to Miami Sunday night.

"I, gathered the family was having difficulty with our language and adjusting to our cultural differences. The girl wore a mini skirt and was very calm.

"He mentioned the language problem and the daughter said Cuba was their country and they wanted to go back," Hutain said. "About every 15 minutes I talked to the passengers to keep them assured."

"When we were over Miami, I told the man it was his last chance to change his mind, but he said 'Havana!' "

Most of the 78 other passengers aboard the plane did not see the hijacker or his family until they left the plane.

It was the 30th hijacking to Cuba this year, the third in a week.

Bricks, Flagstone, Wood Provide Interesting Patio

By VIVIAN BROWN
AP Newsfeatures Writer

An open patio can be worth its weight in family enjoyment. Porches, decks, terraces all conjure up the same thoughts—relaxation.

The project may seem expensive when you price materials, but a do-it-yourselfer may save labor costs and have a pleasurable investment that will add considerably to the value of his house.

Bricks, flagstone, wood can provide interesting patios. The choice is usually made on the basis of cost, available materials and the final appearance in relation to the texture of the house.

—:—

FLAGSTONE is more expensive than brick, at least by 10 cents a square foot in most areas. But, if you cart the flagstone, it may be possible to reduce the cost.

A combination of wood and flagstone may reduce the cost and may be very pretty. You put the flagstones around the door area to provide the patio look and the wood is fanned out from it. This may prove to be more interesting than a conventional patio look.

A do - it - yourselfer who enjoys the work may put his plan on paper and get a very interesting idea spawned by his enthusiasm.

If brick is chosen, some help can come from the lady of the house, who may enjoy the exercise. One man purchased used bricks to cut costs and his wife spent week days sorting the brick into piles — good brick, possible brick, and bricks that could be used for another purpose (outdoor barbecue pit).

—:—

PEOPLE who have experimented with used and new brick decide that it is a saving to buy used brick, if you have the time to sort it.

A disadvantage of brick is that it doesn't winter well. But there are cold - proof bricks available that cost slightly more than ordinary bricks. The trouble is that every time you spend a couple of cents more a square foot for something, the price of the project goes up.

After the man gets the divider grids ready for the brick, his wife may assist by placing the bricks in the patterns they want, such as a simple three-brick basketweave design.

On weekends, the man can refit the bricks into exact positions. This works out pretty well when the woman wants the terrace more than the man does, and must persuade him that the work will not be too exhausting.

Attractive brick steps may be made by putting one row of bricks on edge over two rows lying flat until the proper height is reached.

The most important point in patio building is that it must be level. If the design is slightly off, it will not matter. It may even be more interesting. But if the sand isn't tamped down properly, and one doesn't understand how to use a level properly, you may risk a terrace full of heaves.

—:—

A GRID of two - by - fours is laid after the sand is tamped down. First, an outline of the area is made by putting 2 by 4s on edge all around, and these must have the slight pitch of the terrace necessary for drainage. You must be sure also that there is a gutter on the roof above the terrace.

The pitch must be maintained as dividers are placed within the headers, the outline of 2 by 4s and the dividers must be kept even on top. This should insure a level patio.

After bricks are laid on a sand base, one sweeps the excess sand into the crevices with a broom.

Stone dust is put down for flagstones and should be figured in the price when one is making an estimate of costs. For example, a 12 by 20-foot patio requires about two yards of stone dust for a three - inch base.

Flagstones should be laid in interesting patterns, but if the terrace is large, one may put them down in a straight line. It may be too involved to plan something more aesthetic.

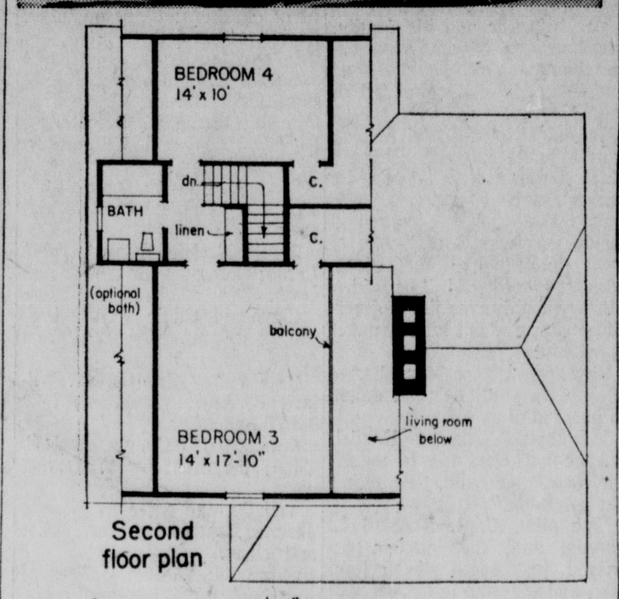
—:—

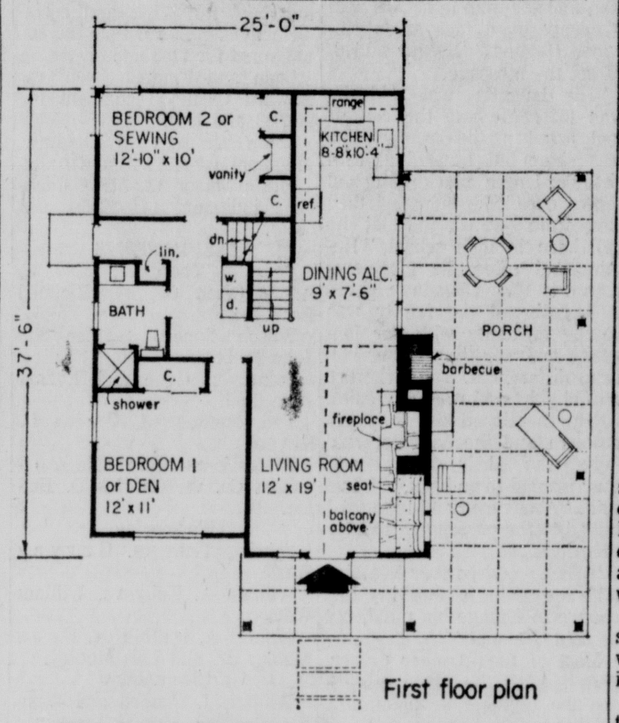
WHEN YOU build a terrace, don't be stingy. Many people make elaborate plans for a terrace, and then cut back size when they price materials. When one thinks of the pleasures that a patio can provide in these days of outdoor living, it is worth making the project as large as possible, even if you must use less expensive materials.

One shouldn't waste one's labor by experimenting to save money. One family did a laborious job of sinking logs on end into the ground and interspersing them with flat stones that they had on hand. This may be a good idea for experts, but somehow it doesn't come off for amateurs. They used cement to anchor the logs, but even this didn't provide a level spot. Within a year, the tarrace was a mess.

If there is a choice between hiring someone to do a terrace the way you want it — a good size, proper materials and well thought - out deisgn — rather than doing it yourself, you should choose the hired hand, if you can afford it. Patio building is not a project for a first time do-it-yourselfer.

And if the do - it - yourselfer is a sulky one, who is just trying to oblige the family, you had better skip the whole idea. He may not want to take advice from anyone as to size or pattern, and may just throw a mini - terrace together in haphazard fashion.





THIS BAVARIAN-STYLE. Summer cottage is made of rough sawn boards laid up vertically and with exposed beams. A king-size porch is provided for outdoor living. It is covered and can be screened. Its access is from the dining alcove, near the kitchen, for easy serving. There's an outdoor barbecue in the huge chimney. The living room has an open balcony above. The cottage can be a year-round home: it has a heater in the full basement and is insulated. Two bedrooms can be finished on the second floor as needed and an upstairs bath can be installed with the addition of a small dormer. Plan HA603M was designed by R. A. Matern, 89 E. Jericho Turnpike, Mineola, N. Y. 11501 with 925 square feet on the first floor and 518 square feet on the second.

Wall Cracks Can Grow Into Major Headaches

Cracks in walls, foundations and floors are unsightly.

But more importantly, they lead the way to further disintegration. Repairing small cracks is easy. The damage that can result if they are not repaired in time is less easy and more costly to correct.

How you do it is fairly simple. What you use to do it with requires thought. Generally a good hardware dealer will stock all the materials you need and will be able to advise you which to use for each job.

—:—

SOME CRACK fillers come ready to use (calking, plastic wood). Others require mixing, usually with water (plaster patch, mortar mix). Some you can improvise yourself (glue and sawdust).

Cracks in plaster, concrete or stucco generally need widening before they can be filled. All loose and crumbling material must be cleaned out.

Undercut the crack so that it is wider at the bottom then at the surface. This will prevent the patching material from pulling out.

Fine cracks in plaster can be pound which is rubbed into the crack and wiped away. In this instance, widening the crack is not necessary.

For other cracks in plaster, widen the crack and then wet it thoroughly. Then use patching plaster which you mix with water. Mix only what you will need over a short period of time. Do not use plaster of Paris. It will not work as well.

—:—

CRACKS in concrete — foundations, walks, drives, etc., are done in the same way. Clean out, undercut and wet down.

If you have trouble getting a concrete patch to hold, try some of the chemical bonding agents that are available. These are first applied to the edges of the crack and then the patching material used as usual.

'Bargain' Ladder Could Prove To Be A Headache

Ladders are tools just like hammers, pliers, drills and all that other stuff in your workshop. A ladder should be chosen carefully, used properly and treated with care.

While this is true of every tool, it is especially true of a ladder, since your life may depend on the way you handle it.

Buying a ladder is no time to look for a bargain. Buy good equipment. If you do not think the investment worth - while in terms of the short time you will use the ladder, then rent one.

—:—

IF YOU are using an old ladder, check it over. Any ladder that has been exposed to the weather should be looked over carefully.

Place the ladder flat on the ground. Then step firmly on each rung. Supports that are loose should be tightened or replaced. Look for rotting or splitting. On metal ladders file off sharp edges that might cut an arm or leg.

When you place the ladder against a building, get the correct angle. If the angle is too great the ladder may break under your weight. Too small an angle with the bottom of the ladder too close to the house may cause it to tip backwards.

The rule of thumb is to place the base of the ladder a distance equal to one-fourth its length. Thus the base of a 12-foot ladder should be about three feet away from the house.

—:—

IF THE ground is soft or asphalt covered, metal cleats installed in the base of the ladder will make it more secure.

On a stepladder, never work higher than the second step from the top. On a straight ladder, don't go higher than the third rung from the top.

You have two hands, but on a ladder you only have one to work with. The other is for hanging on. If you need two hands for long periods of time you should be working on a scaffold.

If you are using an extension ladder, never extend it to its full limit.

Keep both feet firmly planted and then don't paint beyond your normal reach with your feet in that position.

Lightweight ladders are great to carry around, but consider what can happen to one in a high wind. Don't work on a windy day, especially if you have a light ladder.

—:—

KEEP AWAY from power lines. Metal ladders and wet wooden ladders are excellent conductors of electricity.

Look around carefully for wasp nests and bee hives. They may be under the eaves of a house, in a gutter, almost anywhere. A sudden swarm of bees coming at you can frighten you right off the ladder.

If you suffer from vertigo you have no business on a ladder. But even if you don't you might get a sudden attack of panic or nausea. Don't rush down! Put your head against the rungs and drape your arms through. Just stand there quietly until the panic passes. Then come down slowly.

Poor Testing Blamed For Bad Mishaps

COLUMBUS, Ohio (AP) — Many of the costly airplane crashes, fires and other accidents that occur in this country can be blamed on careless technology, an Ohio State University engineering professor says.

And, Dr. Robert C. McMaster warned, government and private industry are flirting with a major disaster by failing to conscientiously test complex systems for weaknesses.

"The situation is critical," said McMaster, past president of the American Society for Nondestructive Testing, a group of corporate leaders, engineers and researchers who seek new ways of testing equipment.

McMaster edited the Nondestructive Testing Handbook, which he says is used by many industrial engineers.

Many accidents caused by technological failures have escaped public notice, McMaster said, but some of the more dramatic have been publicized.

He cited as an example the November 1965 electrical blackout of the northeastern United States which was caused by the failure of a small relay.

McMaster says such accidents could be avoided through development of a foolproof system of reliability tests of all potentially dangerous complexes—tests to check all components regularly for potential failures.

These tests, he said, currently include X-rays and use of dyes to discover hairline cracks and fractures.

Some new devices can detect a speck of dust one-thousandth of an inch in diameter, McMaster said, adding that a particle of this size is capable of causing an entire system's failure.

"The potential research costs are staggering," McMaster said. "But the potential costs of major disasters which such techniques would prevent are even greater."

Bricks, Flagstone, Wood Provide Interesting Patio

By VIVIAN BROWN
AP Newsfeatures Writer

An open patio can be worth its weight in family enjoyment. Porches, decks, terraces all conjure up the same thoughts—relaxation.

The project may seem expensive when you price materials, but a do-it-yourselfer may save labor costs and have a pleasurable investment that will add considerably to the value of his house.

Bricks, flagstone, wood can provide interesting patios. The choice is usually made on the basis of cost, available materials and the final appearance in relation to the texture of the house.

—:—

FLAGSTONE is more expensive than brick, at least by 10 cents a square foot in most areas. But, if you cart the flagstone, it may be possible to reduce the cost.

A combination of wood and flagstone may reduce the cost and may be very pretty. You put the flagstones around the door area to provide the patio look and the wood is fanned out from it. This may prove to be more interesting than a conventional patio look.

A do - it - yourselfer who enjoys the work may put his plan on paper and get a very interesting idea spawned by his enthusiasm.

If brick is chosen, some help can come from the lady of the house, who may enjoy the exercise. One man purchased used bricks to cut costs and his wife spent week days sorting the brick into piles — good brick, possible brick, and bricks that could be used for another purpose (outdoor barbecue pit).

—:—

PEOPLE who have experimented with used and new brick decide that it is a saving to buy used brick, if you have the time to sort it.

A disadvantage of brick is that it doesn't winter well. But there are cold - proof bricks available that cost slightly more than ordinary bricks. The trouble is that every time you spend a couple of cents more a square foot for something, the price of the project goes up.

After the man gets the divider grids ready for the brick, his wife may assist by placing the bricks in the patterns they want, such as a simple three-brick basketweave design.

On weekends, the man can refit the bricks into exact positions. This works out pretty well when the woman wants the terrace more than the man does, and must persuade him that the work will not be too exhausting.

Attractive brick steps may be made by putting one row of bricks on edge over two rows lying flat until the proper height is reached.

The most important point in patio building is that it must be level. If the design is slightly off, it will not matter. It may even be more interesting. But if the sand isn't tamped down properly, and one doesn't understand how to use a level properly, you may risk a terrace full of heaves.

—:—

A GRID of two - by - fours is laid after the sand is tamped down. First, an outline of the area is made by putting 2 by 4s on edge all around, and these must have the slight pitch of the terrace necessary for drainage. You must be sure also that there is a gutter on the roof above the terrace.

The pitch must be maintained as dividers are placed within the headers, the outline of 2 by 4s and the dividers must be kept even on top. This should insure a level patio.

After bricks are laid on a sand base, one sweeps the excess sand into the crevices with a broom.

Stone dust is put down for flagstones and should be figured in the price when one is making an estimate of costs. For example, a 12 by 20-foot patio requires about two yards of stone dust for a three - inch base.

Flagstones should be laid in interesting patterns, but if the terrace is large, one may put them down in a straight line. It may be too involved to plan something more aesthetic.

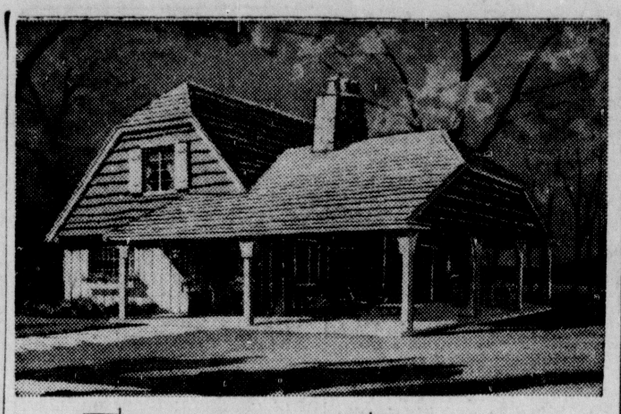
—:—

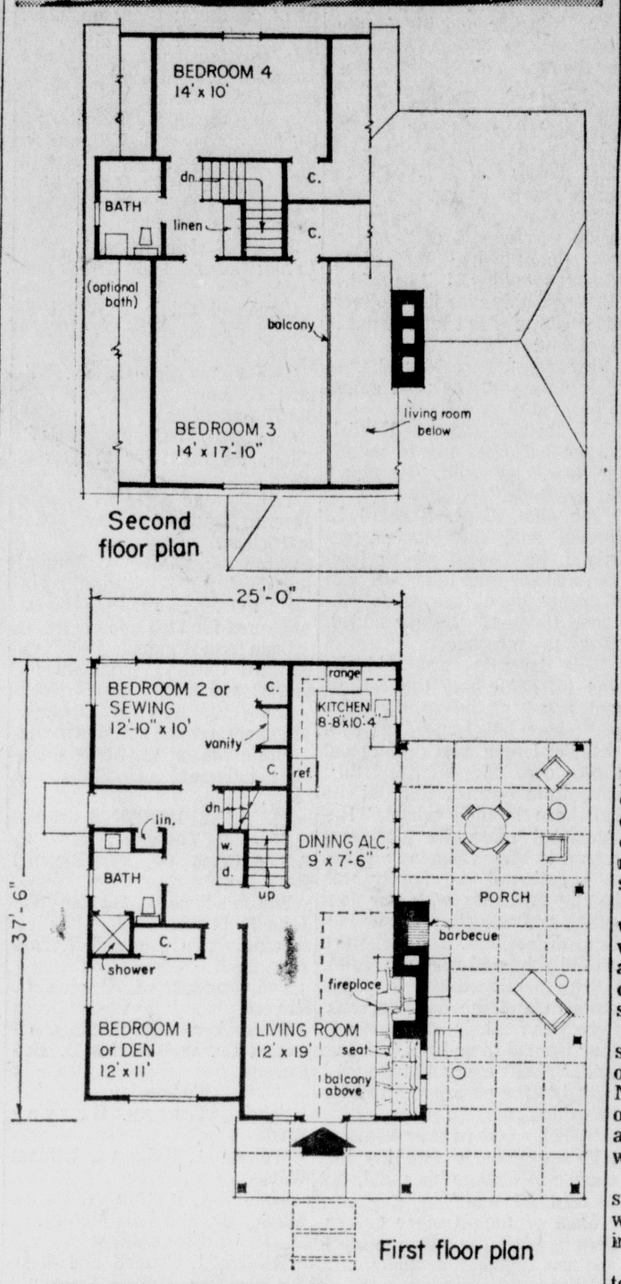
WHEN YOU build a terrace, don't be stingy. Many people make elaborate plans for a terrace, and then cut back size when they price materials. When one thinks of the pleasures that a patio can provide in these days of outdoor living, it is worth making the project as large as possible, even if you must use less expensive materials.

One shouldn't waste one's labor by experimenting to save money. One family did a laborious job of sinking logs on end into the ground and interspersing them with flat stones that they had on hand. This may be a good idea for experts, but somehow it doesn't come off for amateurs. They used cement to anchor the logs, but even this didn't provide a level spot. Within a year, the tarrace was a mess.

If there is a choice between hiring someone to do a terrace the way you want it — a good size, proper materials and well thought - out deisgn — rather than doing it yourself, you should choose the hired hand, if you can afford it. Patio building is not a project for a first time do-it-yourselfer.

And if the do - it - yourselfer is a sulky one, who is just trying to oblige the family, you had better skip the whole idea. He may not want to take advice from anyone as to size or pattern, and may just throw a mini - terrace together in haphazard fashion.





THIS BAVARIAN-STYLE. Summer cottage is made of rough sawn boards laid up vertically and with exposed beams. A king-size porch is provided for outdoor living. It is covered and can be screened. Its access is from the dining alcove, near the kitchen, for easy serving. There's an outdoor barbecue in the huge chimney. The living room has an open balcony above. The cottage can be a year-round home: it has a heater in the full basement and is insulated. Two bedrooms can be finished on the second floor as needed and an upstairs bath can be installed with the addition of a small dormer. Plan HA603M was designed by R. A. Matern, 89 E. Jericho Turnpike, Mineola, N. Y. 11501 with 925 square feet on the first floor and 518 square feet on the second.

Wall Cracks Can Grow Into Major Headaches

Cracks in walls, foundations and floors are unsightly.

But more importantly, they lead the way to further disintegration. Repairing small cracks is easy. The damage that can result if they are not repaired in time is less easy and more costly to correct.

How you do it is fairly simple. What you use to do it with requires thought. Generally a good hardware dealer will stock all the materials you need and will be able to advise you which to use for each job.

—:—

SOME CRACK fillers come ready to use (calking, plastic wood). Others require mixing, usually with water (plaster patch, mortar mix). Some you can improvise yourself (glue and sawdust).

Cracks in plaster, concrete or stucco generally need widening before they can be filled. All loose and crumbling material must be cleaned out.

Undercut the crack so that it is wider at the bottom then at the surface. This will prevent the patching material from pulling out.

Fine cracks in plaster can be pound which is rubbed into the crack and wiped away. In this instance, widening the crack is not necessary.

For other cracks in plaster, widen the crack and then wet it thoroughly. Then use patching plaster which you mix with water. Mix only what you will need over a short period of time. Do not use plaster of Paris. It will not work as well.

—:—

CRACKS in concrete — foundations, walks, drives, etc., are done in the same way. Clean out, undercut and wet down.

If you have trouble getting a concrete patch to hold, try some of the chemical bonding agents that are available. These are first applied to the edges of the crack and then the patching material used as usual.

22 Are Killed In Accidents

By The Associated Press

Ohio traffic accidents killed 19 people — 10 of them children — over the weekend.

Nontraffic mishaps took three more lives, raising the state's weekend accidental death toll to 22.

Four highway crashes accounted for nine deaths, nearly half of the traffic toll. Teenaged drivers were involved in three of those accidents.

The deaths were tabulated by The Associated Press between 6 p.m. Friday and midnight Sunday.

The toll included only one drowning victim, Ronald Perks, 16, of Cincinati, who disappeared in deep water after he and some friends sneaked into a closed municipal swimming pool in Cincinnati.

Also killed in nontraffic mishaps were Jesus Ramirez, 57, of Campbelll, struck by a train Saturday at the Youngstown Sheet and Tube Co.'s Campbell plant, and Donald J. DeMars, 28, Toledo, a stock car driver who was injured fatally in a racing accident Sunday at Fremont Speedway.

Five Ohioans died in traffic Friday night during the first six hours of the weekend period. They included two Ashtabula girls, Norma Foltz and Pamela Campbell, both 17, killed in a two-car crash near Ashtabula.

Thief Obtains $336 In Entry Of Local Bar

An intruder escaped with $336.95 after breaking into the Senate Cafe on St. Clair Ave. at the Horn Switch early Sunday, police said.

Officers received the report of the burglary at 12:48 p.m. yesterday. Patrolman Jack Strobel, who investigated, said the entry took place sometime after 1 a.m.

The burglar may have gained entry through either a door or a window in the rear of the basement, police said.

A basement door was found open and a 12-by-26-inch window was broken. However, the window opening was covered with three steel bars placed eight inches apart, officers said. Bernard Barnhouse of Myler Rd. was listed as the owner of the tavern.

Two more thefts and four vandalism incidents were reported to police over the weekend.

Robert Graham of 815 Alton St. told police Sunday afternoon a power lawn mower valued at $56 was stolen from the yard at his home between Friday morning and Sunday afternoon.

John Looman of 1547 Cleveland Ave. told officers Saturday afternoon his daughters' bicycle valued at $60 was taken from the yard at his home between 9 p.m. Friday and 9 a.m. Saturday. The pink and white Schwinn bike has 26-inch wheels, he said.

Mrs. Ruth Conner of 2700 St. Clair Ave. told police objects hurled by vandals broke a storm window and a picture window and a second - floor window at her home early today.

William Shinton of MC 22, Lisbon St. Ext., reported a vandal used a stone or a hammer to break the windshield of his 1965 model auto while it was parked in a city lot opposite City Hall between 11 p.m. Saturday and 4 a.m. Sunday. David Edgell of 1165 Pennsylvania Ave. told police a BB fired by a vandal damaged the rear window of his 1964 model car while it was parked in front of his home between 9:30 p.m. Saturday and 1:30 p.m. Sunday.

Mrs. Presley Owens of 711 W. 9th St. told officers a vandal used a sharp instrument to scratch the name "Randy" on the right rear side of her 1964 model car while it was parked near her home between 11 p.m. Saturday and 7:49 p.m. Sunday.

City Hospital Kept Busy In Emergencies

A youth injured in a fall from bed and a man hurt when an auto jack fell were among those treated at City Hospital during the weekend.

Released following treatment for head injuries was David Lisk of 817 North Side Ave.

Stewart Snyder of Cornell Ave. was released following treatment for a fractured toe in the jack mishap.

Also treated and released were James Smith of 735 1st St., Minerva, sprain of the right ankle in a fall; Lucy Jackson of 220 Pennsylvania Ave., contusion of the left hip in a fall; William Stanbauh of 646 Burdie Dr., Hubbard, left eyebrow lacerated on a piece of metal; Patricia Perl, daughter of Richard Perl of 918½ Washington St., Newell, laceration of the left foot on a nail.

Paul Heim of 32305 Lake Rd., Avon Lake, left foot lacerated on a rock while swimming; Jerry Kreider, son of Richard Kreider of 1600 Congo Rd., Newell, puncture of the right foot on a nail; Raymond Jackson, son of Earl Jackson of 934 Neptune Ave., Chester, laceration of the forehead in a fall.

Beatrice McCune of 1036 Anderson Ave., Wellsville, finger cut on a knife; Gregory Stacey, son of Laurin Stacey of Galesburg, Ill., RD 2, scalp wound when hit by a stone; Robert Davis, son of Wayne Davis of Wood St., Petersburg, Ohio, laceration of the left foot on glass.

Lucille Palmer of the Calcutta - Smiths Ferry Rd., injury to the right foot in a fall; Diana Lerch of 1051 Ephriam St., possible fracture of the middle finger of the right hand in a fall, and Robert Walker, son of William Walker of 519 Jefferson St., Newell, laceration of the lower left leg on barbed wire.

On The TV Beat

By Cecil Smith

Ray Takes A Wife: Beverly Garland

With all the widows and widowers raising children alone in various television comedies, it's not surprising that the original and most durable of the lot, Steve Douglas, would defect into matrimony.

Cecil Smith

Douglas is, as you know, the nom de television Fred MacMurray in "My Three Sons." In the fortchoming 10th season of the series, MacMurray will woo and win a bride. You can expect the wedding sometime in November.

THE LADY in question is a young widow with a 6½-year-old daughter. Playing the part is one of the finest actresses in this windblow theater — Beverly Garland.

It takes a very good actress to be MacMurray's mate because in the system devised by producer Don Fedderson to allow MacMurray to complete a year's work in 13 weeks, all scenes in which he appears in all the 26 episodes are filmed first.

Thus, in her first week on the show, Beverly was doing scenes from 20 different episodes in which she had to make instant transitions from a comfortably married wife to a lass meeting her prospective husband for the first time to a honeymooning bride to a woman calling the marriage off in a lovers' quarrel.

I SAID I thought this constant shifting of emotional gears would be rough on the transmission of any actress.

"It would be," said Beverly, "except that I lived all this. I married a widower with two teen-age children. In the series, I'll be a young grandmother (of Katie's triplets). At home, I'm a grandmother (of her stepdaughter Cathy's two children).

"The only thing that bothers me is that everybody loves this character so much. I don't remember anybody loving me all that much."

SINCE HER MARRIAGE to builder Fillmore Crank, Beverly has spent much more time raising his two children and their two sons (Carrington, 5, and "Big Jim," now 9 months old) than acting. Cathy is married to Steve Cagney, Jimmy's nephew, and Fillmore Jr. is with the Air Force in Vietnam.

"It was the old question of marriage or career — and I chose marriage," said Beverly. "It was the right choice. We're the happiest Cranks in California."

But the chance to do comedy again intrigued Beverly. I remember her first excursion into comedy as Bing Crosby's wife in his short-lived series. It shocked the town.

The Garland image always had been heavy drama. She played psychopaths and murderous females and dope addicts and alcoholics. She had the most blood-curdling scream on the soundstages.

SHE WAS NOT ONLY a good actress — but a lucky one. She was in the pilots that sold 16 different series, including the memorable "Medic" (as a leukemia victim) and "Dr. Kildare" (as a suicidal alcoholic). But comedy?

Even after her excellent work in the Crosby series, no one called on her for comedy. What work she has done in recent years, including two new movies, "Mad Room" and "Pretty Poison," she was back at killing and being killed.

"I suppose," said Beverly, "when you're young and your whole life is wrapped up in your career, you love doing parts like that. But later, when you have a satisfactory life away from acting, it's more fun to do pleasant parts, ones that don't leave you emotionally drained.

"I still have to come home to a husband and children after work and they are the primary considerations of my life."

BEVERLY is a California girl who grew up in Glendale, flowered as an actress as television flowered, fashioned many a memorable portrayal on the little screen. She's a woman rich in humor, filled with deep, throaty, bubbling laughter at the human comedy.

She joins a venerable series that took a decided up.urn last season when Katie (Tina Cole) gave birth to triplets, adding still another female element to what was originally an all-male household.

She still has Uncle Charlie (William Demarest) to contend with. If she invades his kitchen, Beverly may wish she was back among the psychopaths.

Man Killed During Cleveland Robbery

CLEVELAND, Ohio (AP) — Cleveland Police said robbery was apparently the motive early Sunday morning in the fatal shooting of service station attendant Floyd Oakley, 29, of Cleveland.

Police said a witness told them a man walked into the station's lube room where Oakley was servicing a car and a shot was fired. Police said about $120 was missing from the station, owned by Oakley's brothers.

Akron Man Charged In Shotgun Slaying

AKRON, Ohio (AP) — Akron Police have filed manslaughter charges against 24-year-old Peter Puet of Akron for the Saturday night shotgun death of Samuel Ragland, 23, of Akron.

Police said the two men were neighbors in the same apartment house and exchanged gunfire following an argument. Police said that Ragland apparently shot first and Puet left but came back with a shotgun and fired at Ragland.

King's Widow Speaks At Cleveland Church

CLEVELAND, Ohio (AP) — The widow of assassinated Negro leader Martin Luther King Jr., said Sunday in Cleveland, "My husband dreamed of a world without oppression, but this world is far from complete."

Speaking at the annual women's day observance at Olivet institutional Baptist Church, Mrs. Coretta King said, "The time is now to begin the ministry of reconciliation, to feed the hungry in Biafra and Atlanta."

She said that despite the present social unrest in the United States, "beyond I see signs of a new social order, the dawning of another day."

Irked By His Tactics

Anti-Dirksen Move Seen By Young GOP Leaders

WASHINGTON (AP) — Resentment by the younger crop of Republican senators of the leadership policies and tactics of Everett M. Dirksen is breaking into the open and there are signs the public criticism may increase.

Last week freshman Sen. Charles E. Goodell of New York made a floor attack on the veteran GOP leader for his attempts to block nomination of Dr. John H. Knowles as the nation's top health officer.

And Massachusetts Sen. Edward W. Brooke, also serving his first term, has been eager for a showdown with Dirksen over the Knowles affair.

These moves are symptomatic of growing feeling among the newer GOP senators that Dirksen is out of step with the times.

While the critical Republicans are unlikely to dislodge Dirksen now from the party leadership he has held for a decade, they could pose a threat should the 1970 election bring another influx of younger, more liberal GOP senators as happened in 1966 and 1968.

Two-thirds of the GOP senators elected in those two years, plus two appointees, favor greater GOP initiatives in the domestic area, an end to the Vietnam war and a lessening of emphasis on military matters.

In this they join such GOP veterans as Sens. Jacob K. Javits of New York, Clifford P. Case of New Jersey and John Sherman Cooper of Kentucky who have always stood to the left of the party's leadership.

"They're closer to the mood of the country," one Democratic leadership source said privately of the GOP newcomers.

One of the new Republicans agreed.

Referring to efforts by himself and Sens. Richard Schweiker of Pennsylvania, Charles McC. Mathias of Maryland and Marlow Cook of Kentucky, Sen. William Saxbe of Ohio said "We feel certain things that people who haven't run in some time, or who run in more rural states haven't found."

Saxbe said "I'm real disturbed" by Dirksen's belated efforts to block orchange a resolution now before the Senate to reassert the Senate's role in any commitment made by the executive branch to foreign countries.

"During the campaign," he said, "there was so much talk about Congress shirking its duties and giving a blank check to the President. It puts Republicans who were here and said this last year into a tight position."

Few critics, however, would go as far as Goodell who told the Senate last Wednesday that Dirksen should withdraw his objection to appointment of Dr. Knowles as assistant secretary of health, education and welfare for health and "allow the Senate to work its will."

While the New York Republican did not go as far as he had in a Canada press conference where he referred to Dirksen as an "obstructionist," he did say he believes "very deeply in the President's right to nominate whomever he wants for such a post and that "these principles, essential facets of our government, are being violated."

Ray Takes A Wife: Beverly Garland

With all the widows and widowers raising children alone in various television comedies, it's not surprising that the original and most durable of the lot, Steve Douglas, would defect into matrimony.

Cecil Smith

Douglas is, as you know, the nom de television Fred MacMurray in "My Three Sons." In the fortchoming 10th season of the series, MacMurray will woo and win a bride. You can expect the wedding sometime in November.

THE LADY in question is a young widow with a 6½-year-old daughter. Playing the part is one of the finest actresses in this windblow theater — Beverly Garland.

It takes a very good actress to be MacMurray's mate because in the system devised by producer Don Fedderson to allow MacMurray to complete a year's work in 13 weeks, all scenes in which he appears in all the 26 episodes are filmed first.

Thus, in her first week on the show, Beverly was doing scenes from 20 different episodes in which she had to make instant transitions from a comfortably married wife to a lass meeting her prospective husband for the first time to a honeymooning bride to a woman calling the marriage off in a lovers' quarrel.

I SAID I thought this constant shifting of emotional gears would be rough on the transmission of any actress.

"It would be," said Beverly, "except that I lived all this. I married a widower with two teen-age children. In the series, I'll be a young grandmother (of Katie's triplets). At home, I'm a grandmother (of her stepdaughter Cathy's two children).

"The only thing that bothers me is that everybody loves this character so much, I don't remember anybody loving me all that much."

SINCE HER MARRIAGE to builder Fillmore Crank, Beverly has spent much more time raising his two children and their two sons (Carrington, 5, and "Big Jim," now 9 months old) than acting. Cathy is married to Steve Cagney, Jimmy's nephew, and Fillmore Jr. is with the Air Force in Vietnam.

"It was the old question of marriage or career — and I chose marriage," said Beverly. "It was the right choice. We're the happiest Cranks in California."

But the chance to do comedy again intrigued Beverly. I remember her first excursion into comedy as Bing Crosby's wife in his short-lived series. It shocked the town.

The Garland image always had been heavy drama. She played psychopaths and murderous females and dope addicts and alcoholics. She had the most blood-curdling scream on the soundstages.

SHE WAS NOT ONLY a good actress — but a lucky one. She was in the pilots that sold 16 different series, including the memorable "Medic" (as a leukemia victim) and "Dr. Kildare" (as a suicidal alcoholic). But comedy?

Even after her excellent work in the Crosby series, no one called on her for comedy. What work she has done in recent years, including two new movies, "Mad Room" and "Pretty Poison," she was back at killing and being killed.

"I suppose," said Beverly, "when you're young and your whole life is wrapped up in your career, you love doing parts like that. But later, when you have a satisfactory life away from acting, it's more fun to do pleasant parts, ones that don't leave you emotionally drained.

"I still have to come home to a husband and children after work and they are the primary considerations of my life."

BEVERLY is a California girl who grew up in Glendale, flowered as an actress as television flowered, fashioned many a memorable portrayal on the little screen. She's a woman rich in humor, filled with deep, throaty, bubbling laughter at the human comedy.

She joins a venerable series that took a decided upturn last season when Katie (Tina Cole) gave birth to triplets, adding still another female element to what was originally an all-male household.

She still has Uncle Charlie (William Demarest) to contend with. If she invades his kitchen, Beverly may wish she was back among the psychopaths.

Irked By His Tactics

Anti-Dirksen Move Seen By Young GOP Leaders

WASHINGTON (AP) — Resentment by the younger crop of Republican senators of the leadership policies and tactics of Everett M. Dirksen is breaking into the open and there are signs the public criticism may increase.

Last week freshman Sen. Charles E. Goodell of New York made a floor attack on the veteran GOP leader for his attempts to block nomination of Dr. John H. Knowles as the nation's top health officer.

And Massachusetts Sen. Edward W. Brooke, also serving his first term, has been eager for a showdown with Dirksen over the Knowles affair.

These moves are symptomatic of growing feeling among the newer GOP senators that Dirksen is out of step with the times.

While the critical Republicans are unlikely to dislodge Dirksen now from the party leadership he has held for a decade, they could pose a threat should the 1970 election bring another influx of younger, more liberal GOP senators as happened in 1966 and 1968.

Two-thirds of the GOP senators elected in those two years, plus two appointees, favor greater GOP initiatives in the domestic area, an end to the Vietnam war and a lessening of emphasis on military matters.

In this they join such GOP veterans as Sens. Jacob K. Javits of New York, Clifford P. Case of New Jersey and John Sherman Cooper of Kentucky who have always stood to the left of the party's leadership.

"They're closer to the mood of the country," one Democratic leadership source said privately of the GOP newcomers.

One of the new Republicans agreed.

Referring to efforts by himself and Sens. Richard Schweiker of Pennsylvania, Charles McC. Mathias of Maryland and Marlow Cook of Kentucky, Sen. William Saxbe of Ohio said "We feel certain things that people who haven't run in some time, or who run in more rural states haven't found."

Saxbe said "I'm real disturbed" by Dirksen's belated efforts to block orchange a resolution now before the Senate to reassert the Senate's role in any commitment made by the executive branch to foreign countries.

"During the campaign," he said, "there was so much talk about Congress shirking its duties and giving a blank check to the President. It puts Republicans who were here and said this last year into a tight position."

Few critics, however, would go as far as Goodell who told the Senate last Wednesday that Dirksen should withdraw his objection to appointment of Dr. Knowles as assistant secretary of health, education and welfare for health and "allow the Senate to work its will."

While the New York Republican did not go as far as he had in a Canada press conference where he referred to Dirksen as an "obstructionist," he did say he believes "very deeply in the President's right to nominate whomever he wants for such a post and that "these principles, essential facets of our government, are being violated."

ANN LANDERS

'Sleeping Beauty' At 40

By Ann Landers

Dear Ann Landers: We moved to Dayton four years ago and love it here. Our friends are interesting upper-middle class people, just as we are. So far as I know they are all well behaved, decent and reasonably contented.

Problem: A certain man in our crowd has a habit of falling asleep no matter where he is. In the middle of a lively discussion he starts to snore. If we decide to go as a group to the movies or the theater, we always have to shake him awake for five minutes to take him home. Once he fell asleep at the table in a restaurant.

His wife was so embarrassed I feel sorry for her. The man is only 40 years of age and seems to be in good health. Any suggestions? — FRIEND OF A SLEEPING BEAUTY.

-:-

Dear Friend: You say he SEEMS to be in good health — but is he? The poor fellow could be suffering from narcolepsy. He should see a doctor for a thorough checkup.

Face The Music

Dear Ann: Lucy, the girl who kept falling into bed with every fellow who smiled at her, deserved better treatment than you gave her. Calling the poor kid a "nonlearner" really made my blood boil.

Her letter could have been written by me a few years ago and I certainly don't consider myself a "nonlearner." I'm a girl who has had a lot of tough breaks. The mistakes I made were the mistakes of a child. A kid 14 or 15 can be awfully naive.

My home life was rotten. My mother was always too busy for me. My older sister was a goody-goody who never did anything wrong in the eyes of her parents. My younger brother was a mean brat, a tattletale and a lair.

My big mistake was trusting people too much. Whenever I gave myself to a boy I was sure he'd keep his mouth shut, but they all turned out to be loudmouths.

Why didn't you look behind the scenes and figure out what caused the problem instead of condemning the girl? — ANOTHER LUCY.

-:-

Dear Another: I don't condemn anybody, and I spend a great deal of time looking behind the scenes to learn what caused the problem. But the fascinating aspect of letters such as yours is that the girl who hops from bed to bed always has a nifty collection of people to blame.

With you it was a selfish mother, a goody-goody sister, a bratty brother and the loudmouthed boys. My advice to all you Lucys out there is this; if you don't like what you are, be something better.

Timely Question

Dear Ann: I've never written to you before, but now I must. I've become intrigued by the letters in your column from widows who are bitter because their married lady friends never invite them to anything.

They wail and moan about the lucky gals who still have husbands and they think it's just terrible that they are unwilling to share them.

I'd like to ask the complaining widows a question: How many widows did you entertain when your husbands were alive and well? — LOUISVILLE REFLECTIONS.

-:-

Dear Lou: A good question. And one which can be answered only by the widow herself. Thanks for posing it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Cyclist Hurt In Mishap On Dresden Ave.

A 28-year-old Michigan man was treated at City Hospital Saturday night for injuries suffered when his motorcycle ran over a stray hubcap on Dresden Ave., locking he front wheel of the cyle and hurling him to the pavement.

William Allen Curtis of Detroit was released after treatment for lacerations of the right eye and right knee. The mishap, timed at 10:45, damaged the handlebars and front wheel of his 1968 motorcycle. He was one of a group of about a dozen out-of-town motorcyclists in East Liverpool Saturday night and early Sunday.

Curtis told Patrolman Dwight Garvey he was riding north on Dresden Ave. near McKee St. when his mtorcycle ran over the hubcap, which was lying on the pavement. He estimated his speed at 30 miles an hour. Daniel Vail of Farmington, Mich., was listed as a witness to the mishap.

Meanwhile, James Harrison of Pittsburgh told police his 1965 model sports car was damaged when struck by a hit-skip vehicle between 2:30 a.m. and 12:45 p.m. Sunday while parked in the 1100 block of Dresden Ave. Harrison said it appeared the car was hit by a motorcycle.

There was damage to the right rear fender, wheel, tire and hubcap and the right front door. The right front hubcap was missing, he told police.

Two more hit - skip crashes were reported over the weekend.

Richard Emmerling of 412 Thompson Ave. told officers a brick pillar at the driveway at his home was broken off when struck by a hit-skip vehicle Friday night or Saturday morning. He said the pillar apparently was hit by a backing car.

John E. Smith of Substation reported the right front fender of his 1964 sedan was damaged when struck by a hit-skip vehicle between midnight Friday and 1:30 a.m. Saturday while parked on a lot at the Patterson - Wetzel Laundromat on St. Clair Ave. near Grant St.

Two cars were damaged in a mishap Sunday at 2 p.m. on Harvey Ave.

The mishap involved a 1966 model car driven by Kenneth Russell of Hammondsville RD 1 and a 1965 model auto operated by Henry Davis of 305 Gardendale Ave.

Davis said he halted for traffic at Putnam St. and his car was hit from the rear by the Russell auto.

One Good Turn. . .

CAPE TOWN, South Africa (AP) — Policeman Vermon Smit did his neighbor, W. Watling, a good turn when he killed a deadly poisonous yellow cobra near where Watling's children were playing in their garden.

Watling repaid the debt the very next day. He killed another yellow cobra Mrs. Smit found in her kitchen while her husband was away.

Steering Fails, Causing Mishap

Faulty steering was blamed for an accident Sunday at Wellsville that sent a woman to Osteopathic Hospital and demolished a station wagon.

Police Chief John Hephner said the accident occurred at 1:45 p.m. when the tie-rod on the 1962 vehicle driven by Robert Logan of 516 Broadway fell off causing him to lose control and the car ram a utility pole in front of McKinley School at 1st and Lisbon Sts. Extensive damage resulted to the right front of the wagon, with light damage to the utility pole.

Logan and his wife, Eleanor, were taken to Osteopathic Hospital where Mrs. Logan is in "satisfactory" condition today. Her husband was released following treatment for scalp abrasions.

MARINE FIREPOWER doesn't seem to faze a Vietnamese woman who hurries past without a sideward glance. The vehicle, equipped with six 106mm recoilless rifles, was parked near Da Nang while its crew took a breather during Operation Daring Rebel.

Requests Due Saturday For Street Work

The deadline will fall Saturday for applications to participate in the city's annual summer low - cost street improvement program, Safety - Service Director Robert E. Vodrey reminded today.

Vodrey said six applications have been filed to date and several more are in circulation. Council enacted enabling legislation for the work in late April.

The administration has been authorized to call for bids for application of 10,000 square yards of new surfacing material and 245,000 square yards of seal-coating on streets which were surfaced in earlier years.

The director emphasized that applications are required only on stretches that will be surfaced for the first time. Existing low - cost blacktop segments will be seal-coated automatically, he pointed out.

In the surfacing work, the city splits the cost with property owners 50-50. The rule of thumb for computing the householder's cost is based on one cent per square foot. For instance, for a 30-foot lot fronting on a street 15 feet wide, the cost would be computed at 30 multiplied by 15, or $4.50. The $4.50 would apply to properties on each side of the street.

Applications for the surfacing may be obtained at the director's office. Vodrey said the city will not undertake to surface any stretch less than a block in length because of the expense and time involved in moving equipment from site to site.

Neighborhood groups usually obtain a petition and an estimate of the cost of the surfacing from the city. Then a spokesman circulates the petition, obtains signatures and receives payment from each property - owner. He delivers the petition and the payment to City Hall.

HOLLYWOOD (AP) — Comedian Bob Hope's brother, George, 58, died Saturday of cancer.

Firemen Rap Agency Rules For Vehicles

Protest action against two new federal standards for fire equipment was approved by the United Hancock County Firefighters Association at a meeting Sunday at New Manchester.

The group authorized letters sent to West Virginia Senators and Congressmen asking changes in the new Department of Transportation regulations requiring manufacturers of fire trucks to supply vehicles for use in test crashes.

The firemen claim the requirement will cause the firms extra expense which will result in increased prices on fire trucks.

The association also protests a ruling by the department that all ladder type fire trucks have an anti-jack-knife device. The association claims that if the trucks have this device, the ladders cannot be raised.

A motion was passed to write letters to the State Road Commission in Charleston, District 1 officials in Moundsville, and Jack Evans, county road commissioner, requesting immediate repairs on back roads in the county. The firemen claim they cannot get their trucks through some of the roads due to the "deplorable condition."

A report was received that 100 gallons of foam solution was purchased at a cost of $425 for use of the county fire departments.

A communication was read from the county prosecutor's office concerning legal points and responsibilities of the firemen on emergency calls.

A committee was appointed to draw final specifications for Phase I of the countywide radio system.

The next meeting will be July 18 at the Weirton Heights Department.

Postal Changes To Begin July 1, Brown Reminds

Postmaster Samuel W. Brown today issued a reminder on a series of changes in postal regulations and rates that will go into effect July 1, affecting both private and bulk mail and parcel post.

A major change is an increase in the weight allowance for parcel post in first class post offices such as East Liverpool. The new allowance will be 40 pounds — up 10 pounds from the present maximum. Persons living in areas served by second and third class post offices already have a 70-pound allowance, as do those who live on the rural routes at the Calcutta branch.

The minimum bulk third-class rates of 3.8 and 4 cents will be implemented, applying to mail from profit organizations. The 3.8-cent rate is applicable for the first 250,000 pieces of mail sent in a year and additional pieces will require the 4-cent rate. Mailers will be responsible for keeping records to determine the volume of mail sent.

The bulk rate for authorized non-profit organizations will be increased from 1.4 to 1.6 per piece as the minimum rate. Bulk mailers will be charged 10 cents upon receipt of an address correction notice for incorrect Zip Codes in addresses, Brown said.

Pope Paul Defends Self During Speach

VATICAN CITY (AP) — Pope Paul VI declared today there is "a diffused lack of confidence" in his administration of the Roman Catholic Church. He said this in "one of the difficulties which masks great dangers for the Church."

The 71-year-old pontiff, in a wide-ranging speech covering Church affairs, war and the search for peace, defended himself, the Roman Curia and Catholic bishops throughout the world against critics of their policies.

In a 5,400-word address to mark the sixth anniversary of his election to head the half-billion member Church, Pope Paul also repeated his sorrow at continuing bloodshed in Vietnam, Nigeria and the Middle East. He voiced again his hopes for true world peace.

Steering Fails, Causing Mishap

Faulty steering was blamed for an accident Sunday at Wellsville that sent a woman to Osteopathic Hospital and demolished a station wagon.

Police Chief John Hephner said the accident occurred at 1:45 p.m. when the tie-rod on the 1962 vehicle driven by Robert Logan of 516 Broadway fell off causing him to lose control and the car ram a utility pole in front of McKinley School at 1st and Lisbon Sts. Extensive damage resulted to the right front of the wagon, with light damage to the utility pole.

Logan and his wife, Eleanor, were taken to Osteopathic Hospital where Mrs. Logan is in "satisfactory" condition today. Her husband was released following treatment for scalp abrasions.

MARINE FIREPOWER doesn't seem to faze a Vietnamese woman who hurries past without a sideward glance. The vehicle, equipped with six 106mm recoilless rifles, was parked near Da Nang while its crew took a breather during Operation Daring Rebel.

Requests Due Saturday For Street Work

The deadline will fall Saturday for applications to participate in the city's annual summer low - cost street improvement program, Safety - Service Director Robert E. Vodrey reminded today.

Vodrey said six applications have been filed to date and several more are in circulation. Council enacted enabling legislation for the work in late April.

The administration has been authorized to call for bids for application of 10,000 square yards of new surfacing material and 245,000 square yards of seal-coating on streets which were surfaced in earlier years.

The director emphasized that applications are required only on stretches that will be surfaced for the first time. Existing low - cost blacktop segments will be seal-coated automatically, he pointed out.

In the surfacing work, the city splits the cost with property owners 50-50. The rule of thumb for computing the householder's cost is based on one cent per square foot. For instance, for a 30-foot lot fronting on a street 15 feet wide, the cost would be computed at 30 multiplied by 15, or $4.50. The $4.50 would apply to properties on each side of the street.

Applications for the surfacing may be obtained at the director's office. Vodrey said the city will not undertake to surface any stretch less than a block in length because of the expense and time involved in moving equipment from site to site.

Neighborhood groups usually obtain a petition and an estimate of the cost of the surfacing from the city. Then a spokesman circulates the petition, obtains signatures and receives payment from each property - owner. He delivers the petition and the payment to City Hall.

HINTS FROM HELOISE

Budget Gifts Are Nice

DEAR HELOISE: You talked about conference telephone calls and what a happy gift it was when brothers and sisters live far apart and don't know what to send each other, or their parents.

Well, here is something I like to do and it only takes a little imagination.

Fill a box with small items that everyone of that particular generation uses.

For Mother, you can put in stamps, film, flash bulbs, flower seeds, a new ballpoint, etc., and finish with a small sachet to make it smell good.

For Father, you can use some of the same items, but add a package of his favorite tobacco, or candy.

If he golfs, a new golf ball, or lures for fishing, even a paperback book to read when they're not bitting. If he is a bowler, a new towel or any of the small items that can be purchased for this sport.

Teenagers are the easiest.

Girls like stamps, stationery, a new lipstick, gum, nail polish, cologne, maybe a teen magazine, a record, or a hair bow.

My own teenager looks forward to this box every birthday because it saves her money for quite some time.

Teenage boys like much the same things as the girls but of course, substitute shaving lotion for cologne.

The nice thing about these odds-and-ends boxes is that you can stop any place your budget stops.

MRS. W. K.

DEAR HELOISE: For posting papers, art, or memos on cabinet doors, use elastic purchased at the sewing counters.

Just open the door, slide one end of the elastic through the hinged area, pull the other end around the door itself and tie in a knot behind the door.

This was helpful on classroom lockers for displaying temporary name tags, art, or assignments.

BILL ROCKERFELLER.

DEAR HELOISE: I am the mother of five small children (ages six, five, four, two and one).

When they go out to play in the morning, there are many, many requests for me to "come see the pretty flower I brought you." Since refusing to come would be unforgivable, I must come trotting from upstairs, downstairs, and all around the house.

My solution was to put a vase (would you believe a small zip-top can?) with a small amount of water in it just outside the back door.

All flowers are deposited there, and when my cup runneth over, they call me.

There is many a thank you, and kisses all around, everyone is happy, and each flower in my little bouquet represents a trip saved.

PAT WRIGHT.

DEAR HELOISE: I have cut my ironing time in half.

I cut the sleeves out of my boys' old shirts and the legs off their pants.

First time I've seen the bottom of my laundry basket since last summer.

MRS. SAM.

DEAR HELOISE: My husband has a terrific idea for travelers.

When we went on vacation last year, he cut the map into four large sections, pasted each section on cardboard, punched a hole in each corner and tied it together with a rubber band and pencil. Our route was outlined with a red pencil.

This way it was a cinch to follow our exact route without the bother of folding and unfolding the map.

MRS. RARL WEIMER.

DEAR HELOISE: This may be common knowledge, but I just discovered it today:

When slicing mushrooms, I stick them with a fork and slice through the spaces between the tines.

It's neat, even, and fast.

JOYCE M. NAUNAPPER.

Reservations Due For Camp Open To All Girls In District

Reservations are being accepted through Friday for the annual Day Camp being sponsored at Echo Dell by Camp Fire Girls, Inc.

They may be made at the office at 517 Broadway.

Mrs. Harriet Faulk, camp director, emphasized today that the camp is open to all girls in the tri-state area who are second through eighth-graders, regardless of whether they are members of the Camp Fire Girls.

Swimming, included for the first time, will be under the supervision of a qualified Red Cross instructor, Mrs. Faulk said, in reviewing the varied program.

The camp periods will be July 28-Aug. 1 and Aug. 4-8.

For girls who are not Camp Fire members, the fee for second- and third-graders for the period will be $5.35, including milk and craft supplies. For those in the fourth through eighth grades, it will be $7.35, including milk, craft supplies and a one-night stayover.

Transportation to and from camp will be furnished at no additional cost.

The fees for members will be slightly less, Mrs. Faulk said. The camp will be open Monday through Friday from 9 a.m. until 3 p.m.

Monday will be registration day; Tuesday, music day; Wednesday, Indian day; Thursday, sports and game day, and Friday, dress-up day, with visiting by parents from 1 to 3 p.m.

The bus will leave the Diamond at 9 a.m. and begin the return trip at 3, with stops along the way.

Will Meet At Lisbon

LISBON — The police and finance committees of Council are to report tonight on the police department's request for raises of $50 a month and an allowance of $75 a year for uniforms. Chief of Police Leon T. Zahrndt made the request June 9. Mayor Clyde B. Pike will preside at the meeting at 7:30 in the Town Hall.

Some Teachers In Hancock To Earn More Than $10,000

CHARLESTON (AP)—Teachers in West Virginia will be receiving an estimated average salary of $7,458 for the 1969-70 school year as a result of state and county increases.

The West Virginia Education Association said in a statement Saturday that the salary scale jumps from an average of $6,400 per year to the higher level mainly because of the $1,000 "across - the - board" increase granted by the 59th legislature.

Salary schedules for teachers in at least four counties will be nearly $3,000 above the state minimum however. The WVEA salary research report for 1969-70 indicated that some teachers in Hancock, Ohio, Kanawha and Marshall counties will earn more than $10,000.

In the state minimum salary schedule, the $1,000 increase raised the salary of the beginning teacher with a bachelor's degree to $5,320. Fifty counties supplement the state minimum salary with local funds.

Five counties, Barbour, Braxton, Pocahontas, Tucker and Webster, will pay the state minimum during the 1969-70 school year.

WVEA Research Director John A. McCoy noted that there were 16 counties paying the minimum schedule in 1960-61.

Man, 25, Drowns In River Mishap

COVINGTON, Ky. (AP) — A search was to resume today for the body of a local newspaper photographer who drowned in the Ohio River early Sunday after a runabout and houseboat collided.

Ken Beagle, 25, of nearby Crescent Springs, Ky., was one of 17 people on the houseboat owned by Phillip Taliaferro, assistant Kenton County prosecuting attorney. Fifteen people were treated for bruises and cuts at hospitals and were released. One person was not hurt.

Charles Bowling, 41, of Cincinnati who operated the runabout, was charged with reckless operation of a motor boat and with being drunk in a public place. He was freed after posting $50 bond Sunday and is to appear in Kenton County court June 25. He was not hurt.

The world's first scientific instrument was the Astrolabe, a navigational device for finding the height of sun and stars. It was invented 2,000 years ago.

New York Has Won 18 Of Last 23

By DICK COUCH
Associated Press Sports Writer

New Mets never die . . . well, hardly ever . . . and a couple of old ones aren't exactly fading away.

Gary Gentry, New York's current pitching prodigy, and Jerry Koosman, its 1968 rookie sensation, hurled the torrid Mets to a 3-1, 1-0 doubleheader sweep over the struggling St. Louis Cardinals Sunday.

Tommie Agee, a second year Met, and rookie Rod Gaspar also played key roles as the former expansion misfits delighted a Shea Stadium crowd of 55,862—largest in the National League this season—and climbed within 4½ games of Chicago's stumbling East Division leaders.

New York has won 18 of its last 23 starts—including three of four against the defending NL champs.

The Cubs, who had lost six of seven previous starts, beat Montreal 7-6 in the opener of a doubleheader with a four-run ninth inning rally capped by ex-Met Jim Hickman's two-run homer. The winning pitcher? Met castoff Dick Selma.

Montreal bounced back for a 5-4 vicory the nightcap, which was called after six innings because of darkness at light-less Wrigley Field.

Los Angeles blanked Cincinnati 5-0 (the second game of their scheduled twin bill was rained out) and took a one half game lead in the West over Atlanta, which divided a pair with San Francisco, winning 7-5 after a 5-1 loss, Pittsburgh trimmed Philadelphia 6-0 before bowing to the Phillies 3-2, and Houston downed San Diego 2-0.

Gentry, 7-5, spotted the Cardinals a run and two hits in the first inning, then stopped them cold until the ninth, when reliever Cal Koonce came on to get the last two outs, leaving two runners stranded.

Agee drove in a pair of runs as the Mets raked loser Steve Carlton and two successors for 13 singles—three each by Bud Harrelson, Cleon Jones and Jerry Grote.

Koosman scattered seven St. Louis hits and struck out nine in the nightcap on the way to his third shutout. The Mets clipped Mike Torrez for the game's only run in the seventh, when Harrelson tripled and Agee bounced a double over the head of third baseman Mike Shannon.

Left fielder Gaspar saved Koosman in the eighth with a bullet throw to the plate that nailed Lou Brock trying to score from second on Joe Torre's two-out single.

Koosman, 5-4, has a club record string of 23 consecutive scoreless innings and has yielded just four runs in 60 innings since coming off the disabled list May 24.

"We have the feeling now that nobody can beat us when we take the field; nobody can stand in our way," said the 25-year-old left-hander, a 17-game winner as a rookie but plagued by shoulder trouble early this year.

Koosman left nine St. Louis runners on base in the nightcap. The Mets' Ron Swoboda had stranded as many teammates on he bases in the first game by striking out five straight times . . . to tie a major league record.

Hickman, an original, 1962, Met who went into the opener at Chicago batting .187, drilled his second homer of the season in the ninth after Ernie Banks' two-run single brough the Cubs within 6-5.

The victim of Hickman's winning blast was reliever Don Shaw . . . another former Met.

Bob Bailey drove in four of the Expos' runs with his first and second homers and a pair of singles.

Montreal's Ron Fairly broke a 3-3 tie with a run-scoring triple in the fourth inning of the nightcap and tallied on Rusty Staub's single. The Cubs closed the gap on Paul Popovich's RBI single in the bottom of the inning, but ran out of sunshine after batting in the sixth.

Bill Singer, 8-6, stopped the Reds on five hits and fanned seven, boosting his major league leading strikeout total to 123, as Los Angeles rolled to its sixth successive victory. Tom Haller stroked four hits and Wes Parker homered for the Dodgers.

Rain washed out the second game with the Reds batting in the first inning.

Juan Marichal pitched a five-hitter for his ninth victory in 11 decisions as the Giants won their opener at Atlanta on home runs by Willie McCovey, Jack Hiatt and Ken Henderson.

The Braves rallied for four runs in the eighth inning of the nightcap, breaking a 3-3 tie, and hung on to salvage a split. Reliver Frank Linzy wild pitched the go-ahead run across and pinch hitter Tito Francona knockediin two runs with a single keying the burst.

Larry Hisle rapped a run-scoring single in the eighth, lifting the Phillies past Pittsburgh after the Pirates took the first game behind Dock Ellis' six-hit pitching and a 16-hit attack.

The Astros extended their winning streak to six games and San Diego's losing skein to eight as left-hander Denny Lemaster checked the Padres on five hits. Houston ended Joe Niekro's no-hit bid and broke a scoreless tie in the seventh on singles by Denis Menke and John Edwards and a pair of errors by third baseman Ed Spiezio.

Senators Put Detroit Farther Back

Trip Tigers Twice: Tribe, Orioles Split

By HERSCHEL NISSENSON
Associated Press Sports Writer

Lighting struck Detroit's Tiger Stadium twice Sunday, brought on by the thunder of the Washington Senators' bats. It rained, too.

The day started off in fine fashion with 52,721 fans marching through the turnstiles. Then the parades began. The Tigers paraded nine pitchers to the mound, the Senators paraded 18 runners around the bases and wound up with a 9-4, 9-5 sweep of the doubleheader. The second game was halted by rain after six innings.

The first lightning bolt came in the eighth inning of the opener the form of six runs, wiping out a 4-3 Tiger lead. It struck again in the fourth inning of the nightcap as the Senators trailing 1-0, sent 14 men to the plate and scored all nine runs. When the storm had passed, the defending world champion Tigers were mired in third place in the American League East, 12 games behind Baltimore.

Elsewhere, Oakland and Minnesota split a doubleheader, leaving the Athletics two percentage points ahead of the Twins in the AL West. The A's won the opener 7-3 and Minnesota took the nightcap 4-3 in 13 innings.

Baltimore drubbed Cleveland 6-0 after losing the first game 3-2, the New York Yankees beat Boston 5-3 in 10 innings, the Chicago White Sox edged California 1-0 and Seattle beat Kansas City 5-1.

The Senators shelled a steady flow of Tiger pitchers for 25 hits, including two singles, two doubles and homer No. 15 by Mike Epstein—who was lifted for a pinch hitter during the first game explosion.

Eddie Brinkman, whose two-run single broke a 4-4 tie in the opener, singled in the run that put the Senators ahead 2-1 in the nightcap and then capped the nine-run outburst with a sacrifice fly.

Detroit hurlers Pat Dobson, Mike Kilkenny, Don McMahon and Tom Timmerman were the victims of the initial lightning blast, after Earl Wilson left for a pinch hitter. Starter Joe Sparma, Fred Lasher and Kilkenny again were roughed up in the second game before Daryl Patterson came on to work one scoreless inning preceding the rain.

Frazier Rates 11-5 Favorite

Frazier, Quarry Eye Quick Finish

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Fistic fireworks are expected to explode early tonight when jolting Joe Frazier risks his six-state piece of the world heavyweight title against optimistic Jerry Quarry at Madison Square Garden.

Both are on record as predicting a quick finish of the 15-rounder which will be telecast on closed circuit coast-to-coast with New York blacked out. Starting time is 10:30 p.m., EDT.

The Review Sports
MONDAY, JUNE 23, 1969 PAGE 22

Frazier, winner of all 23 of his pro fights including 20 by knockouts, is an 11-5 favorite to repel the challenge of the fast-firing, 24-year-old blond bomber from Bellflower, Calif. Quarry has a 31-2-4 record including 18 knockouts.

"I expect to get him in five rounds," said Quarry, who boasts he can punch faster and harder than the 25-year-old champion. "If I lose, they're going to have to carry me out."

"There ain't no way he's gonna go five," said Frazier, a 25-year-old, non-stop puncher of the Hammerin' Henry Armstrong school. "He's gonna get burned earlier than that if he comes after me like he says he will."

The oak-thighed Philadelphian promised he'll "come out smokin'" like he always has.

Frazier has no other way of fighting. He comes right after an opponent in a straight line, blasting away with both hands to head, body and arms at a better than 100 punches a round rate.

Neither has been stopped so far.

But with both talking knockout, a crowd of upwards of 15,000 is expected to pay more than $500,000 at prices ranging from $10 to $100.

With the ancillary receipts, including closed circuit television, thrown in, Frazier can earn from $350,000 to $500,000 and Quarry from $250,000 to $350,000. A princely sum even in these inflationary days for a couple youngsters who have been fighting pro about four years each.

It will bet he fourth title defense within a year for Frazier, now recognized as world champion in Argentina and Mexico as well as New York, Pennsylvania, Illinois, Maine, Massachusetts and Texas.

Jimmy Ellis of Louisville, Ky., is recognized as champion by the World Boxing Association while Cassius Clay still is hailed as king of them all in some parts of the world.

Banquet Will Honor ELHS Baseball Team

The 1969 East Liverpool High School baseball team, runner up for the state baseball crown, will be honored with a banquet Friday at 7:30 p.m. at the Elks ballroom sponsored by the Blue and White Nonpareil Club. Tickets may be obtained from parents of the players of Nonpareil Club members. Tom Sullivan is president of the club.

Individual awards will be given to each member of the squad.

Mills Surprise Of NCAA Meet

KNOXVILLE, Tenn. (AP) — Curtis Mills shouldn't have any trouble winning recognition for his world record in the 440-yard dash, because the lanky sophomore is a journalism student at Texas A&M.

If nobody else writes about him, the fledgling sports writer can type out a few stories himself.

And the 20-year-old speedster already knows how to tell it like it is.

"I'd call it a helluva run," Mills said when he was asked to tell how he would have written a story about his race in the finals of the NCAA Track and Field Championships Saturday.

That's just what it was.

Mills was not expected to challenge Olympic champion Lee Evans of San Jose State or Larry James of Villanova—the favorites—for the title. The Aggie youngster admitted later he was hoping only for fourth.

But he was in the thick of the fight coming into the homestretch, where he turned on a final burst of speed that swept him to a decisive victory over Evans, the runner-up. James finished fifth.

Mills was timed in 44.7 seconds, beating the old world mark of 44.8 set in 1966 by Tommie Smith of San Jose State.

"I didn't have any idea about breaking the record," said Mills, whose time was a full second faster than he had ever run the 440 before. And his previous best of 45.7 came in the meet's qualifying trials.

Mills, the Southwest Conference champion, has been running the 440 for five years. He wants to run even faster.

While Mills burst into the big-time with a blaze of glory, one of college track's all-time standouts bowed out in despair.

Jim Ryun, Kansas veteran who holds the world mile record of 3:51.1 and the world 880 mark of 1:44.9, didn't win the mile or finish the three-mile in his final college race.

Sophomore Marty Liquori of Villanova beat Ryun for the first time by about 10 yards in the mile, winning in 3:57.7, and the Kansas ace dropped out of the three-mile on the fourth lap.

"I'll never try another mile and three-mile double," Ryun said later. He offered no excuses for his loss in the mile, pointing out that "Liquori had it—and that last 100 yards for me was rugged."

Kansas' bid for the team title ended when Ryun dropped out of the three-mile because the Jayhawks need at least a fourth-place finish in that race to win.

San Jose State, powered by tireless John Carlos, took the title with 48 points. Kansas was second with 45.

Tops Alliance And J & L

Blair-Morse Sweeps Pair Of Twinbills On Weekend

Blair - Morse swept two doubleheaders over the weekend playing in its home confines of Colt Field.

In a pair of Hot Stove League games, Sunday, the East Liverpool nine defeated Alliance USW 3059, 9-4 in the first game and won 5-1 in the nightcap. On Saturday in Connie Mack League contests, Blair Morse won 5-3 and 3-2 over J & L Steel of Aliquippa.

Dan Cunningham and Jack Byers paced a 15-hit attack in the first game Sunday. After Alliance scored a run in the first inning Blair Morse came back with three in the third and four in the fifth before adding a pair in the sixth inning.

Cunningham had a three for four first game including at riple while Byers smacked a home run and single. Taylor was the winning pitcher scattering eight hits while Ritchie was charged with the loss. Taylor had nine strikeouts.

In the second game, Blair-Morse won behind the five-hit pitching of Mike Piatt. Leading 2-1, Blair - Morse erupted for three runs in the fifth inning to put the game on ice.

Local Golfer Gets Ace On 244 Hole

The first hole-in-one ever recorded on the No. 2 hole at Highland Golf Course was made Sunday by John Judy of East Liverpool. Judy used a driver in dropping the ace on the 244-yard hole. He was playing in the Highland League tournament with a foursome of Ted Tomlison, Larry Davis and Lonnie Adkins.

Cecil Barker blasted a home run and Cunningham had two hits to lead an eight-hit attack. Cironi was the losing pitcher.

In that game, Joe March, leftfielder for Blair - Morse, made a fine running catch in left center and threw a strike to second base to nail a runner.

Saturday's twinbill was featured by a pitcher's battle in the second game and the game winning two-run homer by Barker.

Both Jeff Hall of Blair-Morse and Paul DeFillipo of J & L gave up three hits. Hall fanned 10 batters in going the distance.

Trailing 2-1 going into the sixth, Barker connected with a teammate on base to give Blair-Morse the winning 3-2 margin.

In the first game Saturday, Blair - Morse struck for three runs in the fourth inning then go on to the 5-3 victory.

The home team had eight hits including two each by Kim Kemple, Taylor and Dubberly. Flanagan was the winning pitcher and gave up seven hits. Vernak was charged with the loss. J. Diaddigo had three hits in three trips for J & L.

Blair-Morse plays an exhibition game today with Mingo Junction American Legion at Mingo.

Mingo Is 4-2 Winner

Post 374 Drops Third Straight League Game

Post 374's losing streak reached three in the Ohio Valley League Sunday after dropping a 4-2 decision to Mingo Junction.

Mingo jumped off to a quick start by posting all four of its runs in the first inning tagging Jim Musuraca for five hits including two doubles and at riple. Musuraca then held Mingo hitless until the sixth inning.

Post 374 scored both runs in the third inning on three consecutive singles and an error.

The East Liverpool nine threatened in the seventh inning with the first two batters hitting safely but Mingo's winning pitcher Petrella got the next three batters to fly out.

Walker tripled and singled for two of Post 374's six hits.

Post 374 plays at Leetonia Tuesday and travels to New Philadelphia Wednesday.

Individual awards will be given to each member of the squad.

Frazier Rates 11-5 Favorite

Frazier, Quarry Eye Quick Finish

By MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Fistic fireworks are expected to explode early tonight when jolting Joe Frazier risks his six-state piece of the world heavyweight title against optimistic Jerry Quarry at Madison Square Garden.

Both are on record as predicting a quick finish of the 15-rounder which will be telecast on closed circuit coast-to-coast with New York blacked out. Starting time is 10:30 p.m., EDT.

The Review Sports
MONDAY, JUNE 23, 1969 PAGE 22

Frazier, winner of all 23 of his pro fights including 20 by knockouts, is an 11-5 favorite to repel the challenge of the fast-firing, 24-year-old blond bomber from Bellflower, Calif. Quarry has a 31-2-4 record including 18 knockouts.

"I expect to get him in five rounds," said Quarry, who boasts he can punch faster and harder than the 25-year-old champion. "If I lose, they're going to have to carry me out."

"There ain't no way he's gonna go five," said Frazier, a 25-year-old, non-stop puncher of the Hammerin' Henry Armstrong school. "He's gonna get burned earlier than that if he comes after me like he says he will."

The oak-thighed Philadelphian promised he'll "come out smokin' " like he always has.

Frazier has no other way of fighting. He comes right after an opponent in a straight line, blasting away with both hands to head, body and arms at a better than 100 punches a round rate.

Neither has been stopped so far.

But with both talking knockout, a crowd of upwards of 15,000 is expected to pay more than $500,000 at prices ranging from $10 to $100.

With the ancillary receipts, including closed circuit television, thrown in, Frazier can earn from $350,000 to $500,000 and Quarry from $250,000 to $350,000. A princely sum even in these inflationary days for a couple youngsters who have been fighting pro about four years each.

It will bet he fourth title defense within a year for Frazier, now recognized as world champion in Argentina and Mexico as well as New York, Pennsylvania, Illinois, Maine, Massachusetts and Texas.

Jimmy Ellis of Louisville, Ky., is recognized as champion by the World Boxing Association while Cassius Clay still is hailed as king of them all in some parts of the world.

Mills Surprise Of NCAA Meet

KNOXVILLE, Tenn. (AP) — Curtis Mills shouldn't have any trouble winning recognition for his world record in the 440-yard dash, because the lanky sophomore is a journalism student at Texas A&M.

If nobody else writes about him, the fledgling sports writer can type out a few stories himself.

And the 20-year-old speedster already knows how to tell it like it is.

"I'd call it a helluva run," Mills said when he was asked to tell how he would have written a story about his race in the finals of the NCAA Track and Field Championships Saturday.

That's just what it was.

Mills was not expected to challenge Olympic champion Lee Evans of San Jose State or Larry James of Villanova—the favorites—for the title. The Aggie youngster admitted later he was hoping only for fourth.

But he was in the thick of the fight coming into the homestretch, where he turned on a final burst of speed that swept him to a decisive victory over Evans, the runner-up. James finished fifth.

Mills was timed in 44.7 seconds, beating the old world mark of 44.8 set in 1966 by Tommie Smith of San Jose State.

"I didn't have any idea about breaking the record," said Mills, whose time was a full second faster than he had ever run the 440 before. And his previous best of 45.7 came in the meet's qualifying trials.

Mills, the Southwest Conference champion, has been running the 440 for five years. He wants to run even faster.

While Mills burst into the big-time with a blaze of glory, one of college track's all-time standouts bowed out in despair.

Jim Ryun, Kansas veteran who holds the world mile record of 3:51.1 and the world 880 mark of 1:44.9, didn't win the mile or finish the three-mile in his final college race.

Sophomore Marty Liquori of Villanova beat Ryun for the first time by about 10 yards in the mile, winning in 3:57.7, and the Kansas ace dropped out of the three-mile on the fourth lap.

"I'll never try another mile and three-mile double," Ryun said later. He offered no excuses for his loss in the mile, pointing out that "Liquori had it—and that last 100 yards for me was rugged."

Kansas' bid for the team title ended when Ryun dropped out of the three-mile because the Jayhawks need at least a fourth-place finish in that race to win.

San Jose State, powered by tireless John Carlos, took the title with 48 points. Kansas was second with 45.

Blair-Morse Sweeps Pair Of Twinbills On Weekend

Blair - Morse swept two doubleheaders over the weekend playing in its home confines of Colt Field.

In a pair of Hot Stove League games, Sunday, the East Liverpool nine defeated Alliance USW 3059, 9-4 in the first game and won 5-1 in the nightcap. On Saturday in Connie Mack League contests, Blair Morse won 5-3 and 3-2 over J & L Steel of Aliquippa.

Dan Cunningham and Jack Byers paced a 15-hit attack in the first game Sunday. After Alliance scored a run in the first inning Blair Morse came back with three in the third and four in the fifth before adding a pair in the sixth inning.

Cunningham had a three for four first game including at riple while Byers smacked a home run and single. Taylor was the winning pitcher scattering eight hits while Ritchie was charged with the loss. Taylor had nine strikeouts.

In the second game, Blair-Morse won behind the five-hit pitching of Mike Piatt. Leading 2-1, Blair - Morse erupted for three runs in the fifth inning to put the game on ice.

Cecil Barker blasted a home run and Cunningham had two hits to lead an eight-hit attack. Cironi was the losing pitcher.

In that game, Joe March, leftfielder for Blair - Morse, made a fine running catch in left center and threw a strike to second base to nail a runner.

Saturday's twinbill was featured by a pitcher's battle in the second game and the game winning two-run homer by Barker.

Both Jeff Hall of Blair-Morse and Paul DeFillipo of J & L gave up three hits. Hall fanned 10 batters in going the distance.

Trailing 2-1 going into the sixth, Barker connected with a teammate on base to give Blair-Morse the winning 3-2 margin.

In the first game Saturday, Blair - Morse struck for three runs in the fourth inning then go on to the 5-3 victory.

The home team had eight hits including two each by Kim Kemple, Taylor and Dubberly. Flanagan was the winning pitcher and gave up seven hits. Vernak was charged with the loss. J. Diaddigo had three hits in three trips for J & L.

Blair-Morse plays an exhibition game today with Mingo Junction American Legion at Mingo.

Local Golfer Gets Ace On 244 Hole

The first hole-in-one ever recorded on the No. 2 hole at Highland Golf Course was made Sunday by John Judy of East Liverpool. Judy used a driver in dropping the ace on the 244-yard hole. He was playing in the Highland League tournament with a foursome of Ted Tomlison, Larry Davis and Lonnie Adkins.

Mingo Is 4-2 Winner

Post 374 Drops Third Straight League Game

Post 374's losing streak reached three in the Ohio Valley League Sunday after dropping a 4-2 decision to Mingo Junction.

Mingo jumped off to a quick start by posting all four of its runs in the first inning tagging Jim Musuraca for five hits including two doubles and at riple. Musuraca then held Mingo hitless until the sixth inning.

Post 374 scored both runs in the third inning on three consecutive singles and an error.

The East Liverpool nine threatened in the seventh inning with the first two batters hitting safely but Mingo's winning pitcher Petrella got the next three batters to fly out.

Walker tripled and singled for two of Post 374's six hits.

Post 374 plays at Leetonia Tuesday and travels to New Philadelphia Wednesday.

Douglass Breezes By 4 Strokes To Win Kemper

By BOB GREEN
Associated Press Sports Writer

CHARLOTTE, N.C. (AP) — The galleries were roaring, the noise from the vast army sweeping in waves over the course, as Arnold Palmer made his charge.

"Everybody was excited," Dale Douglass said. "I could hear them."

"I got pretty excited, too. But for a different reason."

But the excitement wasn't enough to shake his game and the placid, articulate Douglass cruised in with a final 67 and a four-stroke victory in the Kemper Open Golf Tournament Sunday.

He had a 274 total, 14 under par for the 7,205-yard, par-72 Quail Hollow Country Club course, and claimed the biggest check of his nine-year-old pro career. $30,000.

Charlts Coody, who had a course record matching 65 and was one of several to challenge Douglass in the sweltering heat, finished second at 278.

South African Gary Player, with a 69, and Australian Bruce Crampton, with a 70, tied at 279.

Palmer, the defending champion, made a run at it with a final 66 but finished at 280. He was tied with Joel Goldstrand, 69, Masters champion George Archer, 72, and England's Tony Jacklin, 71.

Lee Trevino had 74 and Orville Moody had a 70 for 286 and PGA champ Julius Boros, 76 for 286.

Douglass a 6-foot-2, 155-pound stringbean from Denver, started the day with a one stroke lead and had to face the challenges of Palmer, Archer and Coody in that order.

Palmer made a move in a hurry, taking birds on three of the first five holes, turning in 32 and going eight under par for the tournament with a birdie on the 10th.

"He was just two shots back of me at that time," Douglass said, "but I could have bogeyed a couple and come back to him."

He didn't, however, and Palmer's charge fell short.

Archer moved into a share of the lead, and Douglas broke that tie with a 15-foot birdie putt on the sixth.

Then came the charging Coody, who took a share of the top spot just as Douglass' bird turned. But the crew-cut Douglass broke that with another 15 foot bird on 10. From then on, it was downhill.

The victory was only the second of the 33-year-old Douglass' career. And the second this season. He won the Azalea Open earlier this year.

Lawyers Win In 9th After 5-Run Rally

Trailing 4-0, the Lawyers rallied for five runs in the seventh inning then went on to edge Central Service, 6-5, in extra innings Saturday in the Colt League.

After Central scored four runs in the fourth inning, the Lawyers bounced back for five in the top of the seventh. Central scored the tieing run in the bottom of the seventh sending the game into extra innings before the Lawyers tallied the winning run in the ninth.

The Lawyers won even though Central outhit them, 14-6. Tipton and Wright had two hits each for the winners while Marcin hit safely three times for Central. Sheppard was the winning pitcher in relief with Taggart the loser.

This ended the first half of play with Riverview finishing on top.

sage) to the Senator's dressing room before the doubleheader.

"What a diet, Kielbasv and base hits; it's great," Williams enthused. "We'll have to ask that guy to send more of that stuff around next time we visit town."

Manager Mayo Smith of the Tigers, who may develop a sore arm from waving to his bullpen, tried to be tactful.

"It was a pretty sad day," he said. "There was not much we could do about it. Our relief pitching was not as bad as it looked. We will come around all right."

The Oakland - Minnesota twin bill was a study in game-winning contrasts. The A's unloaded four homers in the opener—including two by Sal Bando, Reggie Jackson's 27th and three in a row in the third inning by Ted Kubiak, Jackson and Bando—and the Twins captured the finale when tony Oliva doubled and scored the winning run on pitcher Jim Perry's suicide squeeze bunt.

Mike Hershberger's pinch single in the seventh enabled the A's to wipe out a 3-2 Minnesota lead and send the game into overtime for the third time in the four-game weekend set, which wound up in a split.

Dave Leonhard's three-hit shutout earned Baltimore a split of its doubleheader after the Indians took the opener on Vern Fuller's eighth-inning homer. Tony Horton also connected for Cleveland.

Leonhard, 5-0, and Mike Paul battled through six scoreless innings befor the Orioles reached Horacio Pina for two runs in the seventh on two hits, an error and a fielder's choice They added four more in the eight, aided by three more errors.

Len Boehmer's first major league hit with two out in the 10th drove in the Yankees' go-ahead run and Roy White's third single brought Boehmer around. The Red Sox led 3-2 going to the ninth but a single by White, wild pitch, Gene Michael's single and a sacrifice fly by Bobby Cox forged the deadlock.

Boehmer was 0-for-26 this season and went hitless in three at-bats with Cincinnati in 1967. Ironically, he had taken over for Joe Pepitone in the eighth after the first baseman was ejected from the game.

Cincinnati pitchers allowed 3.56 earned runs per nine innings last season, highest figure in the National League.

Wins Hot Rod Race

BRAINERD, Minn. (AP) — John Wiebe, Newton, Iowa, set a track record of 218.54 miles per hour in winning the top fuel category Sunday at the National Hot Rod Association points meet at Donnybrooke Speedway.

Wiebe won $800 in covering the quarter-mile in 6.9 seconds.

The 300 entires from 16 states drew crowd of 11,200.

Field Honors Rolfe

HANOVER, N.H. (AP) — Dartmouth's Memorial Field has been renamed in honor of Robert A. "Red" Rolfe, who starred for the Indians from 1929 to 1931 before going on to the New York Yankees and playing for six American League championship teams.

Dartmouth announced the renaming of the baseball field during the weekend. Rolfe returned to Dartmouth and served as athletic director from 1954 until his retirement in 1967.

Yesterday's Stars

BATTING—Bob Bailey, Expos, belted two homers and four singles in six at-bats and drove in four runs as Montreal split a doubleheader with the Chicago Cubs, losing 7-6 and winning 5-4.

PITCHING—Dave Leonhard, Orioles, hurled a three-hitter and ran his record to 5-0 as Baltimore drubbed Cleveland 6-0 after losing the doubleheader opener 3-2.

Majestic Prince Seen Sidelined Until 1970

LOS ANGELES (AP)—Majestic Prince' who faltered in his quest of horse racing's Triple Crown, probably won't compete again unitl 1970, his trainer says.

The reason: inflammation of both front ankles.

"I knew something was bothering him," Johnny Longden told newsmen. The 3-year-old Kentucky Derby winner had scored a narrow victory in the Preakness then lost the Belmont Stakes. Longden hadn't wanted him to go in the Belmont but was overruled by the owner.

The ankle trouble isn't serious, Longden said; "But enough to keep him out of action quite awhile—maybe the Santa Anita meeting." Racing begins there Dec. 26.

Longden scrapped plans for the colt to race this fall, including a fourth match with Arts and Letters, in Chicago.

Majestic Prince nipped Arts and Letters in the Kentucky Derby and the Preakness but lost to him by five lengths in the Belmont, the final Triple Crown race.

After the Preakness, Longden announced plans later to skip the Belmont and rest the horse. "He wasn't acting just right eve nbefore the Preakness," Longden said Sunday." Then, when he started that new trick of bearing out, I knew something was wrong. That's the reason I didn't want him to run in the Belmont."

Majestic Prince's owner, Frank Mc Mahon, overruled Longden, saying a horse has only one shot at the Triple Crown.

Longden recalled the result of that decision: "He wasn't right in that race but we could not pinpoint the trouble. We finally found out what was wrong when we got to Hollywood Park."

The trainer said Majestic Prince will undergo treatment called "firing," the insertion of pins into the ankles to reduce inflammation.

Hookstown Wins 2 Contests In South Side Loop

Hookstown won two games in the South Side League's junior division over the weekend.

On Saturday, Hookstown defeated Hanover, 9-8 with Brian Nary the winning pitcher. Bob Anderson and Nary had two hits for the winners. Mark Abbott doubled twice for Hanover.

In Friday's game, Hookstown romped past Lawrenceville, 18-4 Kevin Nary was the winning pitcher and Rich Brown the loser. Mickey Fox had two triples for the winners.

Coleman's Loft Finishes First

The loft of Don Coleman finished first in the East Liverpool Racing Pigeon Club race held Sunday from Sabina, Ohio, an airline distance of some 200 miles.

Vic Giovenco's loft was second and fourth while Dick Lamp's loft finished third.

In the Junior Club racing, Randy Van Fossen's loft finished first followed by John Gatrell's and Charles Nelson's in second and third places respectively.

Next week's race will be a 500-mile event from Paducah, Ken. to determine the club championship for the 1969 old bird series. Eight lofts remain in contention for the title.

Rain Postpones Race

TERRE HAUTE, Ind. (AP) — A 100-lap U.S. Auto Club stock car race was called off here Sunday because of rain.

Officials said they would announce today if the race will be re-scheduled.

Douglass Breezes By 4 Strokes To Win Kemper

By BOB GREEN
Associated Press Sports Writer

CHARLOTTE, N.C. (AP) — The galleries were roaring, the noise from the vast army sweeping in waves over the course, as Arnold Palmer made his charge.

"Everybody was excited," Dale Douglass said. "I could hear them."

"I got pretty excited, too. But for a different reason."

But the excitement wasn't enough to shake his game and the placid, articulate Douglass cruised in with a final 67 and a four-stroke victory in the Kemper Open Golf Tournament Sunday.

He had a 274 total, 14 under par for the 7,205-yard, par-72 Quail Hollow Country Club course, and claimed the biggest check of his nine-year-old pro career. $30,000.

Charlts Coody, who had a course record matching 65 and was one of several to challenge Douglass in the sweltering heat, finished second at 278.

South African Garv Player, with a 69, and Australian Bruce Crampton, with a 70, tied at 279.

Palmer, the defending champion, made a run at it with a final 66 but finished at 280. He was tied with Joel Goldstrand, 69, Masters champion George Archer, 72, and England's Tony Jacklin, 71.

Lee Trevino had 74 and Orville Moody had a 70 for 286 and PGA champ Julius Boros, 76 for 286.

Douglass a 6-foot-2, 155-pound stringbean from Denver, started the day with a one stroke lead and had to face the challenges of Palmer, Archer and Coody in that order.

Palmer made a move in a hurry, taking birds on three of the first five holes, turning in 32 and going eight under par for the tournament with a birdie on the 10th.

"He was just two shots back of me at that time," Douglass said, "but I could have bogeyed a couple and come back to him."

He didn't, however, and Palmer's charge fell short.

Archer moved into a share of the lead, and Douglas broke that tie with a 15-foot birdie putt on the sixth.

Then came the charging Coody, who took a share of the top spot just as Douglass' bird turned. But the crew-cut Douglass broke that with another 15 foot bird on 10. From then on, it was downhill.

The victory was only the second of the 33-year-old Douglass' career. And the second this season. He won the Azalea Open earlier this year.

Lawyers Win In 9th After 5-Run Rally

Trailing 4-0, the Lawyers rallied for five runs in the seventh inning then went on to edge Central Service, 6-5, in extra innings Saturday in the Colt League.

After Central scored four runs in the fourth inning, the Lawyers bounced back for five in the top of the seventh. Central scored the tieing run in the bottom of the seventh sending the game into extra innings before the Lawyers tallied the winning run in the ninth.

The Lawyers won even though Central outhit them, 14-6. Tipton and Wright had two hits each for the winners while Marcin hit safely three times for Central. Sheppard was the winning pitcher in relief with Taggart the loser.

This ended the first half of play with Riverview finishing on top.

Coleman's Loft Finishes First

The loft of Don Coleman finished first in the East Liverpool Racing Pigeon Club race held Sunday from Sabina, Ohio, an airline distance of some 200 miles.

Vic Giovenco's loft was second and fourth while Dick Lamp's loft finished third.

In the Junior Club racing, Randy Van Fossen's loft finished first followed by John Gatrell's and Charles Nelson's in second and third places respectively.

Next week's race will be a 500-mile event from Paducah, Ken. to determine the club championship for the 1969 old bird series. Eight lofts remain in contention for the title.

Rain Postpones Race

Wins Hot Rod Race

BRAINERD, Minn. (AP) — John Wiebe, Newton, Iowa, set a track record of 218.54 miles per hour in winning the top fuel category Sunday at the National Hot Rod Association points meet at Donnybrooke Speedway.

Wiebe won $800 in covering the quarter-mile in 6.9 seconds.

The 300 entires from 16 states drew crowd of 11,200.

sage) to the Senator's dressing room before the doubleheader.

"What a diet, Kielbasv and base hits; it's great," Williams enthused. "We'll have to ask that guy to send more of that stuff around next time we visit town."

Manager Mayo Smith of the Tigers, who may develop a sore arm from waving to his bullpen, tried to be tactful.

"It was a pretty sad day," he said. "There was not much we could do about it. Our relief pitching was not as bad as it looked. We will come around all right."

The Oakland - Minnesota twin bill was a study in game-winning contrasts. The A's unloaded four homers in the opener—including two by Sal Bando, Reggie Jackson's 27th and three in a row in the third inning by Ted Kubiak, Jackson and Bando—and the Twins captured the finale when tony Oliva doubled and scored the winning run on pitcher Jim Perry's suicide squeeze bunt.

Mike Hershberger's pinch single in the seventh enabled the A's to wipe out a 3-2 Minnesota lead and send the game into overtime for the third time in the four-game weekend set, which wound up in a split.

Dave Leonhard's three-hit shutout earned Baltimore a split of its doubleheader after the Indians took the opener on Vern Fuller's eighth-inning homer. Tony Horton also connected for Cleveland.

Leonhard, 5-0, and Mike Paul battled through six scoreless innings befor the Orioles reached Horacio Pina for two runs in the seventh on two hits, an error and a fielder's choice They added four more in the eight, aided by three more errors.

Len Boehmer's first major league hit with two out in the 10th drove in the Yankees' go-ahead run and Roy White's third single brought Boehmer around. The Red Sox led 3-2 going to the ninth but a single by White, wild pitch, Gene Michael's single and a sacrifice fly by Bobby Cox forged the deadlock.

Boehmer was 0-for-26 this season and went hitless in three at-bats with Cincinnati in 1967. Ironically, he had taken over for Joe Pepitone in the eighth after the first baseman was ejected from the game.

Cincinnati pitchers allowed 3.56 earned runs per nine innings last season, highest figure in the National League.

Majestic Prince Seen Sidelined Until 1970

LOS ANGELES (AP)—Majestic Prince' who faltered in his quest of horse racing's Triple Crown, probably won't compete again unitl 1970, his trainer says.

The reason: inflammation of both front ankles.

"I knew something was bothering him," Johnny Longden told newsmen. The 3-year-old Kentucky Derby winner had scored a narrow victory in the Preakness then lost the Belmont Stakes. Longden hadn't wanted him to go in the Belmont but was overruled by the owner.

The ankle trouble isn't serious, Longden said: "But enough to keep him out of action quite awhile—maybe the Santa Anita meeting." Racing begins there Dec. 26.

Longden scrapped plans for the colt to race this fall, including a fourth match with Arts and Letters, in Chicago.

Majestic Prince nipped Arts and Letters in the Kentucky Derby and the Preakness but lost to him by five lengths in the Belmont, the final Triple Crown race.

After the Preakness, Longden announced plans later to skip the Belmont and rest the horse. "He wasn't acting just right eve nbefore the Preakness," Longden said Sunday." Then, when he started that new trick of bearing out, I knew something was wrong. That's the reason I didn't want him to run in the Belmont."

Majestic Prince's owner, Frank Mc Mahon, overruled Longden, saying a horse has only one shot at the Triple Crown.

Longden recalled the result of that decision: "He wasn't right in that race but we could not pinpoint the trouble. We finally found out what was wrong when we got to Hollywood Park."

The trainer said Majestic Prince will undergo treatment called "firing," the insertion of pins into the ankles to reduce inflammation.

Field Honors Rolfe

HANOVER, N.H. (AP) — Dartmouth's Memorial Field has been renamed in honor of Robert A. "Red" Rolfe, who starred for the Indians from 1929 to 1931 before going on to the New York Yankees and playing for six American League championship teams.

Dartmouth announced the renaming of the baseball field during the weekend. Rolfe returned to Dartmouth and served as athletic director from 1954 until his retirement in 1967.

Yesterday's Stars

BATTING—Bob Bailey, Expos, belted two homers and four singles in six at-bats and drove in four runs as Montreal split a doubleheader with the Chicago Cubs, losing 7-6 and winning 5-4.

PITCHING—Dave Leonhard, Orioles, hurled a three-hitter and ran his record to 5-0 as Baltimore drubbed Cleveland 6-0 after losing the doubleheader opener 3-2.

MOVING BETTER, ELECTRICALLY. Carrying and accurately positioning 150-ton, 20-foot-diameter sections of concrete pipe is an easy task for this electrically driven "Pipemobile." Equipped with a GE transmission with a 1,500-horsepower four-wheel drive, the machine is placing pipe for a water line in southern California. A unique feature of the 21-foot-high, 64-foot-long pipe transporter is its modular design. When the six-mile-long pipeline is completed late in 1970, the machine can be quickly disassembled for transport to another site and easily reassembled there.

Rattleff's 30 Leads South To Cage Win

COLUMBUS, Ohio (AP)—Columbus East's Eddie Ratleff out-shone the other stars in leading the South to a 95 - 93 victory in the 10th high school basketball classic Saturday night.

The 6 - foot-6 Ratleff, who helped East capture the state Class AA state title last season, pumped in a game - high 30 points as the Rebels snapped the North's three - game win streak in the annual all - star contest.

But despite Ratleff's hot shooting from the field and outstanding support from Allan Hornyak of Bellaire St. Johns with 16 points, Willie Townsend of Hamilton Garfield with 15 and Nick Conner of East with 14, it was foul shots that provided the winning margin.

The South was 22 for 29 from the charity line, compared with the North's 13-20.

Hornyak, the state's leading scorer last season, and Townsend both had a perfect night from he free throw line, with 6-6 and 3-3, respectively.

The game was a nip-and-tuck battle all the way, with the lead changing hands numerous times. The Rebels had gained an 11-point lead with five minutes left to play, but the North roared back, finally tying it at 93.

Then, with 43 seconds left on the clock, Conner stole the ball and sank the winning goal.

Nick Weatherspoon of Canton McKinley, the 6 - 7 Associated Press Class AA player-of-the-year, led north scorers with 22 points.

Dave Merchant of Marion Harding had 15 points, Luke Witte, the 7 - foot giant from Marlington, dropped in 14.

How Can I?

By ANNE ASHLEY

Q.—How can I forestall rust on my outdoor iron furniture?

A.—By keeping this furniture well painted. If you're starting from scratch, coat the iron first with red lead or aluminum paint, after first removing every trace of rust with a wire brush, steel wool, or emery cloth. If you should leave any rust on the iron under the paint, it will go on spreading. Apply two or three coats of ornamental paint.

Q.—What can I do about a sewing machine needle that persists annoyingly in catching on fine fabrics?

A.—Run this needle a few times through some steel wool.

Pen Terms Cheered

HAVANA (AP) — When six members of a burglary ring were sentenced recently to prison terms ranging from three to thirty years, the trial drew a large crowd and there was vigorous applause when the convictions were announced. Thus reported the Communist Party newspaper, "Granma," commenting that the applause showed "an unmistakable sign that the people are in a state of alert in this fight to the death against delinquency."

MOVING BETTER, ELECTRICALLY. Carrying and accurately positioning 150-ton, 20-foot-diameter sections of concrete pipe is an easy task for this electrically driven "Pipemobile." Equipped with a GE transmission with a 1,500-horsepower four-wheel drive, the machine is placing pipe for a water line in southern California. A unique feature of the 21-foot-high, 64-foot-long pipe transporter is its modular design. When the six-mile-long pipeline is completed late in 1970, the machine can be quickly disassembled for transport to another site and easily reassembled there.

Rattleff's 30 Leads South To Cage Win

COLUMBUS, Ohio (AP)—Columbus East's Eddie Ratleff out-shone the other stars in leading the South to a 95 - 93 victory in the 10th high school basketball classic Saturday night.

The 6 - foot-6 Ratleff, who helped East capture the state Class AA state title last season, pumped in a game - high 30 points as the Rebels snapped the North's three - game win streak in the annual all - star contest.

But despite Ratleff's hot shooting from the field and outstanding support from Allan Hornyak of Bellaire St. Johns with 16 points, Willie Townsend of Hamilton Garfield with 15 and Nick Conner of East with 14, it was foul shots that provided the winning margin.

The South was 22 for 29 from the charity line, compared with the North's 13-20.

Hornyak, the state's leading scorer last season, and Townsend both had a perfect night from he free throw line, with 6-6 and 3-3, respectively.

The game was a nip-and -tuck battle all the way, with the lead changing hands numerous times. The Rebels had gained an 11-point lead with five minutes left to play, but the North roared back, finally tying it at 93.

Then, with 43 seconds left on the clock, Conner stole the ball and sank the winning goal.

Nick Weatherspoon of Canton McKinley, the 6 - 7 Associated Press Class AA player-of-the-year, led north scorers with 22 points.

Dave Merchant of Marion Harding had 15 points, Luke Witte, the 7 - foot giant from Marlington, dropped in 14.

How Can I?

By ANNE ASHLEY

Q.—How can I forestall rust on my outdoor iron furniture?

A.—By keeping this furniture well painted. If you're starting from scratch, coat the iron first with red lead or aluminum paint, after first removing every trace of rust with a wire brush, steel wool, or emery cloth. If you should leave any rust on the iron under the paint, it will go on spreading. Apply two or three coats of ornamental paint.

Q.—What can I do about a sewing machine needle that persists annoyingly in catching on fine fabrics?

A.—Run this needle a few times through some steel wool.

Today In History

By The Associated Press

Today is Monday, June 23, the 174th day of 1969. There are 191 days left in the year.

On this date in 1683, William Penn made his famous peace and friendship treaty with the Indians. The agreement was faithfully kept by both parties for more than 60 years.

In 1722, Charleston, S. C. was incorporated.

In 1780, the Battle of Springfield, N.J. was f ought during the Revolutionary War.

In 1836, there was a surplus in the U. S. Treasury, and more than $28 million was divided among 26 states.

In 1845, the Congress of Texas agreed to annexation by the United States.

In 1938, the Civil Aeronautics Authority was created to regulate air traffic.

In 1967, President Lyndon B. Johnson met in Glassboro, N.J., with Soviet Premier Alexei Kosygin.

Five years ago — The burned, empty station wagon of three civil rights workers, missing for two days, was found near Philadelphia, Miss.

One year ago — 71 persons were killed in a panic during the exit from a soccer stadium in Buenos Aires, Argentina.

Junior Editors Quiz on TASMANIAN DEVIL

QUESTION: *What kind of devil is a Tasmanian devil?*

* * *

ANSWER: A Tasmanian devil may sound frightening, but it has nothing to do with the grotesque dance mask in upper left. The mask is only put there to show what one might imagine such a devil would look like if one didn't know the facts. The Tasmanian devil is not an imaginary thing, but an actual one. It is one of the marsupials, unusual animals with pouches, inside of which their babies are raised until they are able to get out and live by themselves. Most marsupials are found in Australia and Tasmania. Unlike many other marsupials, such as the kangaroos, which eat grasses, Tasmanian devils are carnivorous. They live by hunting and killing other animals and are ferocious and savage by nature. But the particular reason for the devil part of the name is that this smallish animal, about the size of a badger, has a fondness for killing chickens and sheep. Sheep raising is important in Tasmania, so this animal is an enemy of the farmers. It is no wonder that they call him a devil.

(Mark McWhorter of Bloomfield Hills, Mich., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)
